DPP: 2

- Q1** The following line graph shows the annual profit percentage earned by a company during the years 2016 to 2020. What is the average profit percent earned by the company during the years 2016 to 2020?

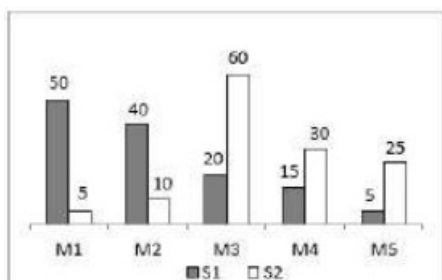

- (A) 55 % (B) 44 %
(C) 48 % (D) 54 %
- Q2** Two identical circles touch each other externally at point Z . XY is a direct common tangent, which touches the circles at X and Y respectively. What is the $\angle XZY$?
- (A) 90 degree (B) 80 degree
(C) 95 degree (D) 85 degree

- Q3** If $\sec A + \tan A = 3$, then $\cos A$ is equal to:

- (A) $\frac{4}{3}$
(B) $\frac{3}{5}$
(C) $\frac{3}{4}$
(D) $\frac{5}{3}$

- Q4** The bar graph given below shows the number of books sold by two shopkeepers $S1$ and $S2$ in 5 months.

$J1$ = The total number of books sold by $S1$ and $S2$ in all 5 months.

$J2$ = The difference between the total number of books sold by $S1$ in all 5 months and total number of books sold by $S2$ in all 5 months.

What is the value of $(J1 + J2)$?

- (A) 160 (B) 200
(C) 130 (D) 260

- Q5** Which of the following is the smallest among $(14)^{\frac{1}{3}}$, $(12)^{\frac{1}{2}}$, $(16)^{\frac{1}{6}}$ & $(25)^{\frac{1}{12}}$?
- (A) $(14)^{\frac{1}{3}}$ (B) $(25)^{\frac{1}{12}}$
(C) $(16)^{\frac{1}{6}}$ (D) $(12)^{\frac{1}{2}}$

- Q6** In the following question, two statements are given each followed by two conclusions I and II. You have to consider the statements to be true even if they seem to be at variance from commonly known facts. You have to decide which of the given conclusions, if any, follows from the given statements.

Statement: (I) The DRDO has tested the Smart Anti Airfield Weapon from an Indian Air Force aircraft.

(II) The lightweight high precision guided bomb is one of the world class weapons systems.

Conclusions: (I) DRDO Chairman Dr. S. Christopher congratulated the DRDO and the IAF teams for the successful mission.

(II) The test was carried out by IAF's Aircraft and System Testing Establishment.

- (A) Only conclusion II follows
(B) Conclusion I and II both follow
(C) Neither I nor II follow
(D) Only conclusion I follows

- Q7** Read the following information carefully and answer the question based on it.

- If $A \times B$ means 'A is north of B.'
- If $A + B$ means, 'A is east of B.'
- If $A - B$ means, 'A is to the west of B.'
- If $A \div B$ means, 'A is to the south of B.'

Then S is in which direction with respect to Q in the equation?

[Android App](#)
[iOS App](#)
[PW Website](#)

- (A) East (B) South
(C) South East (D) South - West

Q8 In each question/group of questions below are given two or three statements followed by two or three conclusions. You have to take both the given statements to be true even if they seem to be at variance from commonly known facts, read either or all the three conclusions then decide which of the given conclusions logically follows from the given statements, disregarding commonly known facts yes.

Statements:

No bus is car.

All bus are train.

Some trains are scooters.

Conclusions:

I. Some train is car.

II. Some bus is scooter.

- (A) Only conclusion I follows
(B) Only conclusion II follows
(C) Both conclusions follow
(D) None of the conclusions follow

Q9 Vishal is the husband of Narmada. Pratik is the brother of Gaurvi. Kartik is the son of Prathmesh, who is the husband of Arti. Arti's son is married to Narmada. Gaurvi is the daughter of Vishal. How is Prathmesh related to Gaurvi?

- (A) Paternal uncle
(B) Maternal grandfather
(C) Maternal uncle
(D) Paternal grandfather

Q10 Select the correct mirror image of the given figure when the mirror is placed at MN as shown below.

- (A)
- (B)
- (C)
- (D)

Q11 When was the Right to Education Act (RTE) enacted by the Parliament of India?

- (A) 4 August 2009
(B) 2 August 2005
(C) 20 January 2011
(D) 2 January 2010

Q12 'Anything But Khamosh' is a biography of _____.

- (A) Vivek Oberoi
(B) Shatrughan Sinha
(C) Salman Khan
(D) Amitabh Bachchan

Q13 Present day Kolkata was formed by the amalgamation of three villages – Kalikata, Gobindapur and _____, in 1690.

- (A) Samsing (B) Sutanuti
(C) Bakkhali (D) Rimbik

Q14 What is the shape of the new Parliament?

- (A) Triangular (B) Circular
(C) Rectangular (D) Pentagonal

Q15 Who designed the Statue of Unity in Gujarat?

- (A) Ram Vanji Sutar
(B) V Balan
(C) Sankho Chaudhri
(D) Jakanachari

Q16 Select the most appropriate meaning of the given idiom

Dark horse

- (A) someone who is fond of horse racing
(B) someone who has a wheatish complexion
(C) someone who breeds race horses
(D) someone who unexpectedly succeeds

Q17 Select the most appropriate antonym of the given word.

TACIT

- (A) inaudible (B) silent
(C) mute (D) explicit

Q18 Select the most appropriate synonym of the given word.

QUEST

- (A) search (B) path
(C) destination (D) route

Q19 Select the most appropriate antonym of the given word.

ARROGANT

(A) humble

(B) rough

(C) bold

(D) uncouth

Q20 Select the correctly spelt word

(A) reeciet

(B) reciept

(C) receipt

(D) reiceit

Hints & Solutions

Q1 Text Solution:

The average profit percent earned by the company during the years 2016 to 2020 is

$$= \frac{45+70+60+40+35}{5}$$

$$= \frac{270}{5} = 54\%$$

Q2 Text Solution:

PX = PZ (Length of the tangent drawn from an external point to the circle are equal)

Let $\angle PXZ = \angle PZX = a$

PY = PZ

Let $\angle PYZ = \angle PZY = b$

In $\triangle XYZ$

$\angle X + \angle Y + \angle XZY = 180$

$a + b + \angle PZX + \angle PZY = 180$

$a + b + a + b = 180$

$a + b = 90$

Then, $\angle XZY = 90^\circ$

Q3 Text Solution:

Given,

$$\sec A + \tan A = 3 \rightarrow (i)$$

We know,

$$\sec^2 A - \tan^2 A = 1$$

$$\Rightarrow (\sec A + \tan A)(\sec A - \tan A) = 1$$

$$\Rightarrow 3 \times (\sec A - \tan A) = 1$$

$$\therefore \sec A - \tan A = \frac{1}{3} \rightarrow (ii)$$

From (i) and (ii) we get,

$$\Rightarrow \sec A = \frac{3 + \frac{1}{3}}{2} = \frac{10}{2 \times 3} = \frac{5}{3}$$

$$\Rightarrow \frac{1}{\cos A} = \frac{5}{3}$$

$$\therefore \cos A = \frac{3}{5}$$

Hence, the correct answer is (B).

Q4 Text Solution:

J1 = The total number of books sold by S1 and S2 in all 5 months

$$= 50+5+40+10+20+60+15+30+5+25=260$$

J2 = The difference between the total number of books sold by S1 in all 5 months and the total number of books sold by S2 in all 5 months

$$= (50+40+20+15+5) - (5+10+60+30+25) = 0$$

$$J1 + J2 = 260 + 0 = 260$$

Q5 Text Solution:

LCM of 3, 2, 6 and 12 = 12

Now we will multiply 12 to each power so that we can make the power a integer.

$$14^{\frac{1}{3}} = 14^{\frac{1}{3} \times 12} = 14^4 = 38416$$

$$12^{\frac{1}{2}} = 12^{\frac{1}{2} \times 12} = 12^6$$

$$16^{\frac{1}{6}} = 16^{\frac{1}{6} \times 12} = 16^2 = 256$$

$$25^{\frac{1}{12}} = 25^{\frac{1}{12} \times 12} = 25^1 = 25$$

Therefore $25^{\frac{1}{12}}$ is smallest.

Q6 Text Solution:

According to the given statement:

The DRDO has tested the Smart Anti Airfield Weapon from an Indian Air Force aircraft.

We can see that,

- Conclusion: 1 talks about the Chairman of DRDO, which is nowhere mentioned in the entire statement.
- Hence, it can't be drawn.
- Conclusion: 2 talks about how the test was carried which is again not mentioned in the above statement.
- Hence, it can't be drawn.

Hence, neither conclusion follows the correct answer.

Q7 Text Solution:

$F \div Q \rightarrow F$, is to the south of Q.

$Q + R \rightarrow Q$ is to the east of R.

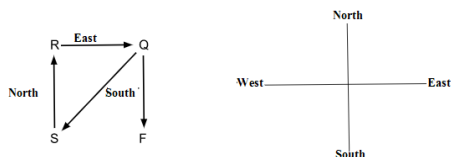

$R \times S \rightarrow R$, is north of S.

[Android App](#)

| [iOS App](#)

| [PW Website](#)

So, it is clear from the figure that S is to the south-west of Q.

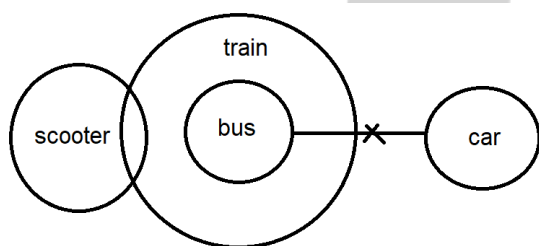

Hence, "South-West" is the correct answer.

Q8 Text Solution:

According to the question :

We have been given three statements and by following the information given in them, we have to check whether the given conclusions follow the given statements.

The possible venn diagram is as follows :

From the given conclusions :

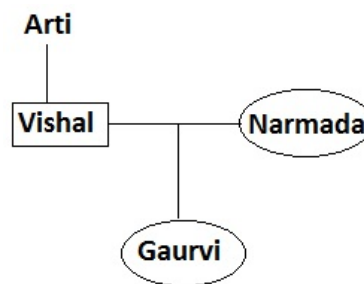

- I. Some train is car. (False , no relation is given between train and car)
- II. Some bus is scooter. (False , no relation is given between bus and scooter)

Hence , " None of the conclusions follow " is the correct answer.

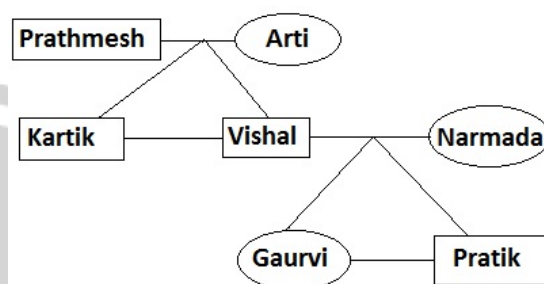

Q9 Text Solution:

We have been given some relation between the persons in the given question, according to the given question, we have to make a family tree and find the answer of the given question.

- Vishal is the husband of Narmada.
- Arti's son is married to Narmada.
- Gaurvi is the daughter of Vishal.

- Pratik is the brother of Gaurvi.
- Kartik is the son of Prathmesh, who is the husband of Arti.

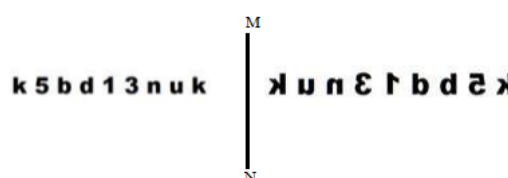

Here, we see that Prathmesh is the Paternal grandfather of Gaurvi.

Hence, "Paternal Grandfather" is the correct answer.

Q10 Text Solution:

The correct mirror image of the given figure when the mirror is placed at line AB will be:

- The above image is the correct mirror image of the given figure when the mirror image is placed in MN.

Hence, the correct option is

k 2 p q 1 3 n u k

Q11 Text Solution:

- The Right to Education Act (RTE) was enacted by the Parliament of India on 4 August 2009.
- The Act aims to provide free and compulsory education to all children between the ages of six and fourteen.

[Android App](#)

[iOS App](#)

[PW Website](#)

- It seeks to ensure that every child has access to quality education and that no child is deprived of education due to financial or social barriers.
- The RTE Act lays down several provisions for the improvement of the quality of education, including the provision of adequate infrastructure, teacher training, and curriculum development.
- It also mandates that private schools reserve 25% of their seats for students from economically and socially disadvantaged backgrounds.
- The RTE Act is considered to be a landmark legislation in India, as it seeks to address the issue of inequality in education and promote inclusive growth.

Hence, the correct answer is "4 August 2009".

Q12 Text Solution:

- 'Anything But Khamosh' is a biography of Shatrughan Sinha, written by Bharathi S. Pradhan.
- The book chronicles the life and career of the veteran Bollywood actor-turned-politician, who is popularly known as 'Shotgun'.
- The biography offers a candid and in-depth look into Sinha's personal and professional life, covering his childhood, entry into the film industry, rise to stardom, political career, and more.
- The book also provides insights into Sinha's relationships with his family, friends, colleagues, and rivals.
- Sinha is known for his iconic roles in films such as 'Kalicharan', 'Dostana', and 'Naseeb', and for his distinctive voice and dialogue delivery.
- Salman Khan's biography, titled 'Being Salman: The Official Game Changer', was written by Jasim Khan and published in 2015.
- Some of the most notable biographies include 'Amitabh: The Making of a Superstar' by Susmita Dasgupta, 'Amitabh Bachchan: The Legend' by Bhavna Somaaya, and 'Bachchanalia' by Hc

Hence, the correct answer is "Shatrughan Sinha".

Q13 Text Solution:

- Kolkata, the capital city of the Indian state of West Bengal, was formed by the amalgamation of three small villages - Kalikata, Gobindapur and Sutanuti - in 1690.
- The three villages were located on the banks of the Hooghly River and were part of a larger area known as the "three villages of Bengal".
- The East India Company arrived in the area in the late 17th century and soon established a trading post in Sutanuti.
- In 1698, the Company purchased the rights to the villages from the local landlord, and began to develop the area into a thriving trading center.
- Kolkata went on to become a major center of commerce and industry in India, with a rich history of cultural and intellectual activity.
- Today, the city is known for its vibrant street life, historic architecture, and bustling markets, as well as its rich literary and artistic traditions.

Hence, the correct answer is "Sutanuti".

Q14 Text Solution:

- The new Parliament was inaugurated on 28th May 2023.
- It is triangular in shape.
- The Prime Minister of India inaugurated the new parliament building and installed a historic sceptre 'Sengol' near the Lok Sabha Speaker's chair. Sengol was handed over to First Prime Minister Jawahar Lal Nehru in 1947 as a symbol of the transfer of power.

Hence, the correct answer is triangular.

Q15 Text Solution:

- The Statue of Unity is a colossal statue of Sardar Vallabhbhai Patel, who was a prominent leader during India's struggle for independence and also the first Deputy Prime Minister of India.

Android App

iOS App

PM Website

- The statue, which is located in the state of Gujarat, is the tallest statue in the world, with a height of 182 meters.
- The statue was designed by Ram Vanji Sutar, who is a renowned Indian sculptor and the recipient of several prestigious awards, including the Padma Bhushan and the Padma Shri.
- Sutar was selected for the project through a nationwide competition that was organized by the Gujarat government in 2013.
- He worked on the project for over four years, and the statue was unveiled in October 2018.

Hence, the correct answer is "Ram Vanji Sutar".

Q16 Text Solution:

The idiom "**dark horse**" means "a usually little known contender (such as a racehorse) that makes an unexpectedly good showing".

- E.g.: The Democrat from Utah has gone from being a dark horse to the front-runner in the campaign for President.

Hence, the idiom "dark horse" means "someone who unexpectedly succeeds".

Q17 Text Solution:

Tacit: understood or implied without being stated

- E.g.: Your silence may be taken to mean tacit agreement.

Let us first understand the given options :

- **Inaudible**: unable to be heard
- **Silent**: not making or accompanied by any sound
- **Mute**: refraining from speech or temporarily speechless
- **Explicit**: stated clearly and in detail, leaving no room for confusion or doubt
 - E.g.: The arrangement had not been made explicit.

Hence, "Explicit" is the most appropriate antonym for the word "Tacit".

Q18 Text Solution:

Quest: a long or arduous search for something

- E.g.: The quest for a reliable vaccine has intensified.

Let us first understand the given options :

- **Search**: try to find something by looking or otherwise seeking carefully and thoroughly
 - E.g.: I searched among the rocks, but there was nothing.
- **Path**: a way or track laid down for walking or made by continual treading
- **Destination**: the place to which someone or something is going or being sent
- **Route**: a way or course is taken in getting from a starting point to a destination

Hence, "search" is the most appropriate synonym for the word "quest".

Q19 Text Solution:

Arrogant: having or revealing an exaggerated sense of one's own importance or abilities

- E.g.: He's arrogant and opinionated.

Let us first understand the given options :

- **Humble**: having or showing a modest or low estimate of one's importance
 - E.g.: I felt very humble when meeting her.
- **Rough**: having an uneven or irregular surface; not smooth or level
- **Bold**: showing a willingness to take risks; confident and courageous
- **Uncouth**: lacking good manners, refinement, or grace

Hence, "humble" is the most appropriate antonym for the word "arrogant".

Q20 Text Solution:

"**Receipt**" is the correctly spelt word.

- The word "receipt" has a few meanings, but one common meaning is a written acknowledgment or proof that something has been received, usually in the context of receiving payment or goods.
 - Example: Please make sure to keep the receipt for your purchase in case you need to return the item.
