

SSC CHSL

2023

Previous Year Paper

(14th Mar 2023 3rd Shift)

SSC MAHAPACK
1-YEAR SUBSCRIPTION

SAB YAHIN MILEGA

LIMITED TIME OFFER

~~₹ 4,999/-~~ **₹ 2,299/-**

PREPARATION FOR ALL SSC EXAMS - CGL, CHSL, CPO, MTS, GD, STENO, DELHI POLICE, AND RAILWAY EXAMS

SSC CHSL 2024
COMPLETE FOUNDATION BATCH
WITH TEST SERIES

~~₹ 2,999 /-~~ **₹ 1,249 /-**

PRAKHAR BATCH

COMPLETE BATCH (TIER 1+TIER 2) FOR SSC CHSL 2024

SSC GD FOUNDATION BATCH
2023-24

~~₹ 1,249 /-~~ **₹ 499 /-**

VISHWAS 4.0 (विश्वास 4.0) BATCH

COMPLETE BATCH WITH TEST SERIES

- Q1** Choose the word that can substitute the given group of words.
One that cannot be harmed/wounded
(A) Mortal (B) Mystic
(C) Invulnerable (D) Bigot
- Q2** Choose the sentence with no spelling error.
(A) Your employes also have access to this data.
(B) Your employes also have access to this data.
(C) Your employees also have acces to this datas.
(D) Your employees also have access to this data.
- Q3** The given sentence is in active voice. Change the voice of the sentence. Select the correct option from the sentences given in the options.
She persuaded him for over a year.
(A) He was being persuaded by her for a year
(B) He kept being persuaded by her for a year.
(C) He was persuaded by her for over a year
(D) She was being persuaded by him for over a year.
- Q4** Rearrange the parts of the sentence in the correct order.
P. requires knowledge of the complex interplay among ocean
Q. chemistry and circulation, ecology of marine and terrestrial
R. organisms, ice sheet dynamics, and atmospheric chemistry and circulation
S. a full understanding of glacial-interglacial carbon dynamics
(A) PQRS (B) QPRS
(C) SPQR (D) SRPQ
- Q5** Improve the underlined part of the sentence. Choose 'No improvement' as an answer if the sentence is grammatically correct.
They hired a maid to have cleaner the house.
(A) to cleans (B) No improvement

(C) to clean (D) . for cleaner

- Q6** Choose the word that means the same as the given word.
Vacillate
(A) Advance (B) Stir
(C) Plunge (D) Hesitate
- Q7** Fill in the blank with an appropriate option.
Google on Saturday celebrated the onset of spring in the northern hemisphere with a/an _____ graphic.
(A) rooting (B) animated
(C) freezing (D) implanting
- Q8** Choose the word that is opposite in meaning to the given word.
Reprove
(A) Rap (B) Eulogize
(C) Pummel (D) Keelhaul
- Q9** Choose the word that is opposite in meaning to the given word.
Abeyance
(A) Latency
(B) Moratorium
(C) Layoff
(D) Continuation
- Q10** Parts of the following sentence are given as options. Identify the part that contains a grammatical error. If there is no error, select 'No error'.
You never know when / you are going to stumble to a / jewel in the most unexpected corner
(A) You never know when
(B) you are going to stumble to a
(C) jewel in the most unexpected corner.
(D) No error
- Q11** Find the part of the given sentence that has an error in it. If there is no error, choose 'No error'.
Every of the two girls will get the reward.

- (A) No error
(B) girls will get
(C) the reward.
(D) Every of the two

Q12 Select the correct indirect form of the given sentence.

He said, "I had gone to Shimla."

- (A) He said that he had gone to Shimla.
(B) He said that he went to Shimla.
(C) He says that he had gone to Shimla.
(D) He said that he has gone to Shimla

Q13 Fill in the blank with the most suitable word.

At first the water _____ blue, then grey

- (A) glanced (B) seemed
(C) heeded (D) lest

Q14 Fill in the blank with an appropriate option.

Ram placed her in one of the _____ leather chairs opposite his desk.

- (A) marinated (B) brewed
(C) quilted (D) stewed

Q15 Select the most appropriate option to fill in the blank.

Sir, can you reflect on the usefulness or _____ of blocking all the highways?

- (A) impotence
(B) futility
(C) scorch
(D) incompatibility

Q16 Select the word that is opposite in meaning (ANTONYM) to the word given below.

Sinister

- (A) Propitious (B) Ominous
(C) Baleful (D) Foreboding

Q17 Choose the incorrectly spelt word.

- (A) Healthy (B) Sugest
(C) Quantum (D) Mechanics

Q18 Choose the word that can substitute the given group of words.

Killing one's father

- (A) Insecticide (B) Suicide

- (C) Tyrannicide (D) Patricide

Q19 In the following question, out of the given four alternatives, select the alternative that best expresses the meaning of the Idiom/Phrase.

Lion's mouth

- (A) A dangerous situation
(B) Very talkative
(C) Having no sense
(D) A large share

Q20 Select the most appropriate meaning of the given idiom.

A bolt from the blue

- (A) An unexpected event
(B) A sudden run
(C) An electric shock
(D) To get hold of someone

Directions (21-25) Read the following passage and answer the given questions.

In the following passage, some of the words have been deleted. Read the passage carefully and select the correct answer for the given blank out of the four alternatives.

There are so many myths about the (1) _____ impacts of milk on health. Changing how much milk you drink because of (2) _____ myths may mean you are unnecessarily restricting this (3) _____ nutritious drink. Australians often restrict dairy foods when they try to (4) _____ weight believing them to be fattening. While dairy products naturally contain fat there are many reduced fat products (5) _____.

Q21 Select the most appropriate option to fill in the blank number 1.

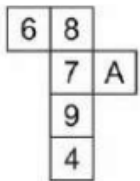

- (A) kind
(B) welcoming
(C) impolite
(D) negative

Q22 Select the most appropriate option to fill in the blank number 2.

- (A) those (B) thus
(C) these (D) this

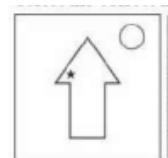

- Q23** Select the most appropriate option to fill in the blank number 3.
 (A) suddenly
 (B) nominally
 (C) highly
 (D) invisibly
- Q24** Select the most appropriate option to fill in the blank number 4.
 (A) lose (B) meditate
 (C) subjugate (D) leverage
- Q25** Select the most appropriate option to fill in the blank number 5.
 (A) inoperable (B) deficient
 (C) durable (D) available
- Q26** In a certain code language, 'ANMGRS' is coded as 'PODJKX'. What is the code for 'CHAIRS' in that code language?
 (A) POFYEZ (B) POFXEZ
 (C) POFXEY (D) POFXDZ
- Q27** In the following question, select the odd letter/letters from the given alternatives
 (A) RPM (B) BZW
 (C) . IGE (D) AYV
- Q28** J is the brother of L. H is the wife of J. N is the sister of P. L is the father of N. How is H related to N?
 (A) Sister
 (B) Mother in law
 (C) Father's Brother's wife
 (D) Mother
- Q29** A cube is made by folding the given sheet. In the cube so formed, which number/letter will be on the face opposite to the face showing '7'?

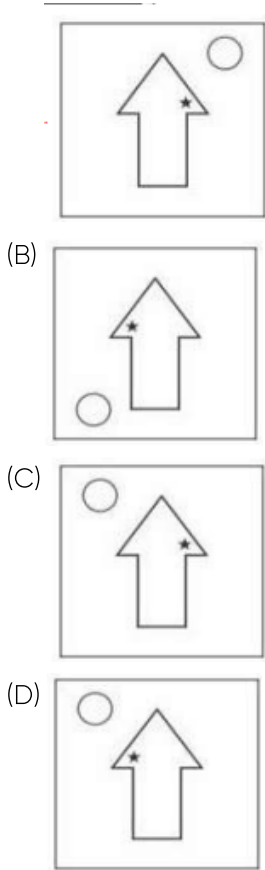

- (A) A (B) 4
 (C) 6 (D) 8

- Q30** Select the correct alternative to indicate the arrangement of the following terms in a logical and meaningful order.
 1. Post-Graduation
 2. Graduation
 3. Nursery
 4. Matriculation
 5. Higher Secondary
 (A) 1, 2, 4, 3, 5
 (B) 3, 1, 2, 4, 5
 (C) 3, 4, 5, 2, 1
 (D) 1, 2, 3, 4, 5
- Q31** A series is given with one term missing. Select the correct alternative from the given ones that will complete the series.
 ABC, WHP, SNC, OTP, ?
 (A) KQR (B) KAC
 (C) KZC (D) KYB
- Q32** Select the option that is related to the fifth number in the same way as the first number is related to the second number and third number is related to fourth number.
 434 : 567 :: 617 : 750 :: 839 : ?
 (A) 972 (B) 1334
 (C) 984 (D) 1012
- Q33** After interchanging the given two numbers (not digits), what will be the value of the given equation?
 14 and 21
 $21 \div 14 \times 3 + 48 - 37$
 (A) 13 (B) 21
 (C) 19 (D) 32
- Q34** Select the correct mirror image of the given figure when the mirror is placed to its right side.

(A)

Q35 Words given on the left side of (::) are related with each other by some Logic/Rule /Relation. Select the missing word/word pair on the right side of (::) from the given alternatives based on the same Logic/Rule/Relation.

Cockpit : Aeroplane :: ?

- (A) Student : Class
- (B) House : Room
- (C) Pencil : Lead
- (D) Bicycle : Pedal

Q36 If $617 @ 342 = 572$ and $483 @ 342 = 141$, then $280 @ 82 = ?$

- (A) 632
- (B) 891
- (C) 188
- (D) 721

Q37 Select the option that is related to the third word in the same way as the second word is related to the first word.

Thermometer : Temperature :: Seismograph : ?

- (A) Mass
- (B) Earthquake
- (C) Current
- (D) Distance

Q38

Out of the given words, three are similar in a certain manner. However, one word is NOT like the other three. Select the word which is different from the rest.

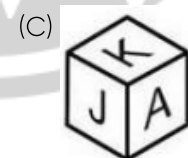

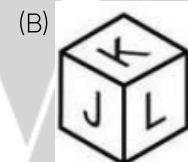

- (A) Rupee
- (B) Dhaka
- (C) Dollar
- (D) Euro

Q39 In the following question, select the missing number from the given series.

51, 55, 64, 80, 105, ?

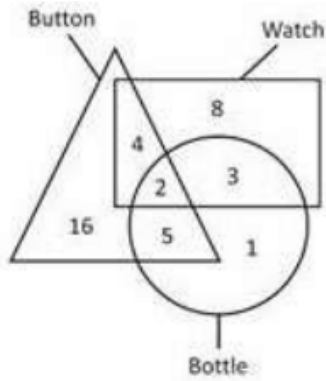

- (A) 151
- (B) 141
- (C) 153
- (D) 131

Q40 By folding the given paper, which of the following box cannot be made?

Q41 How many are both buttons and bottle?

- (A) 3 (B) 7
(C) 5 (D) 2

Q42 In a certain code language, 'JAIL' is coded as '304', 'LAWN' is coded as '232'. What is the code for 'NAVY' in that code language?

- (A) 312 (B) 184
(C) 288 (D) 172

Q43 In the following question below are given some statements followed by some conclusions based on those statements. Taking the given statements to be true even if they seem to be at variance from commonly known facts. Read all the conclusions and then decide which of the given conclusion logically follows the given statements.

Statements:

- I. Some R are C.
II. All R are K.

Conclusion:

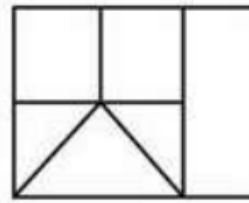

- I. All K are R.
II. All C are R.
III. All C are K
(A) Both conclusions II and III follows
(B) Both conclusions I and III follows
(C) Neither conclusion follows
(D) All conclusion follows

Q44 Select the option in which the numbers shares the same relationship in set as that shared by the numbers in the given set. (NOTE: Operations should be performed on the whole numbers, without breaking down the numbers into its constituent digits. E.g.13 – Operations on 13 such as adding / subtracting /

multiplying etc. to 13 can be performed. Breaking down 13 into 1 and 3 and then performing mathematical operations on 1 and 3 is not allowed)

- (13, 7, 546)
(14, 15, 1260)
(A) (28, 21, 3528)
(B) (27, 14, 2288)
(C) . (16, 9, 874)
(D) (13, 15, 1190)

Q45 How many quadrilaterals are there in the given figure?

- (A) 11 (B) 12
(C) 10 (D) 9

Q46 In the following question, select the related letters from the given alternatives.

QTY : YTQ :: ENR : ?

- (A) ERN (B) NOP
(C) RNE (D) JMN

Q47 Select the figure from the given options that can replace the question mark (?) in the following series.

R	P	K	S	N	G	P	H	?
K	N	N	P	P	S	S	G	

- (A)

G	T
S	H

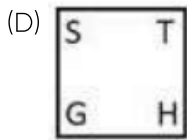

(B)

S	T
H	G

(C)

H	T
G	S

Q48 Select the option in which the numbers shares the same relationship in set as that shared by the numbers in the given set. (NOTE: Operations should be performed on the whole numbers, without breaking down the numbers into its constituent digits. E.g.13 – Operations on 13 such as adding /subtracting /multiplying etc. to 13 can be performed. Breaking down 13 into 1 and 3 and then performing mathematical operations on 1 and 3 is not allowed)

(10, 22, 42)

(15, 14, 44)

(A) (9, 22, 38)

(B) (12, 12, 24)

(C) (13, 12, 38)

(D) (6, 3, 17)

Q49 In the following question, four number pairs are given. In each pair the number on left side of (–) is related to the number of the right side of (–) with some Logic/Rule /Relation. Three pairs are similar on basis of same Logic/Rule/Relation. Select the odd one out from the given alternatives. (NOTE: Operations should be performed on the whole numbers, without breaking down the numbers into its constituent digits. E.g.13 – Operations on 13 such as adding /subtracting /multiplying etc. to 13 can be performed. Breaking down 13 into 1 and 3 and then performing mathematical operations on 1 and 3 is not allowed)

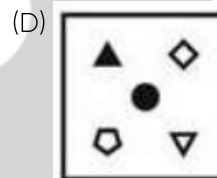

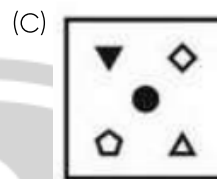

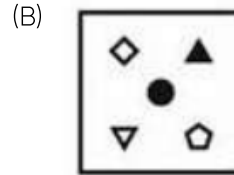

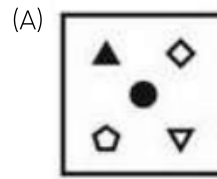

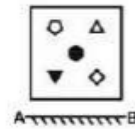

(A) 14 – 2844

(B) 12 – 1728

(C) 20 – 8000

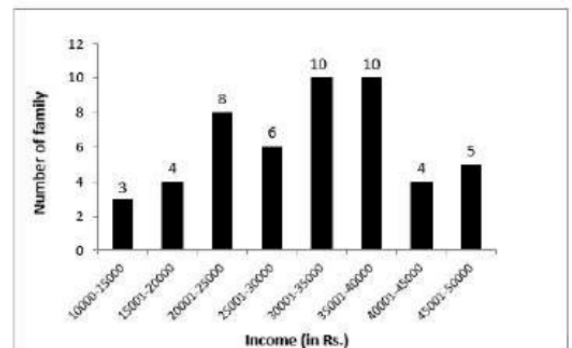

(D) 10 – 1000

Q50 If a mirror is placed on the line AB, then out of the option figures which figure will be the right image of the question figure?

Q51 The following histogram shows the monthly income range of families staying in an apartment.

What is the difference between the total number of families whose income is more than or equal to 10000 but less than or equal to 25000 and the total number of families whose income is more than 35000 but less than or equal to 50000 ?

(A) 4

(B) 3

(C) 0

(D) 11

- Q52** A man traveled a certain distance by train at the speed of 50 km/hr and walked back the same distance at the speed 10 km/hr. If the whole journey took 12 hours, then what is the distance traveled by train?
 (A) 100 km
 (B) 180 km
 (C) 150 km
 (D) 120 km
- Q53** A shopkeeper sells a table at a discount of 20 percent and earns a profit of 30 percent. If he sells the same table at 10 percent discount, then what will be his new profit or loss percent?
 (A) 32.5 percent profit
 (B) 40.5 percent loss
 (C) 46.25 percent profit
 (D) 50.5 percent loss
- Q54** If $\left(k + \frac{1}{k}\right)^2 = 9$, then what is the value of $k^3 + \frac{1}{k^3}$?
 (A) 27
 (B) 18
 (C) 15
 (D) 21
- Q55** A chord of length 40 cm is at a distance of 15 cm from the centre. What is the length of the chord of the same circle which is at a distance of 20 cm from the centre of circle?
 (A) 15 cm
 (B) 25 cm
 (C) 45 cm
 (D) 30 cm
- Q56** What is the value of $3126 \div 4$ of $521 + 5 \times 3$?
 (A) 15.5
 (B) 14.5
 (C) 13.5
 (D) 16.5
- Q57** A trader buys two articles for Rs. 3000 each article. While selling, he earns a profit of 10 percent on one and loses 20 percent on the other. What will be his overall loss percentage?
 (A) 10 percent
 (B) 20 percent
 (C) 15 percent
 (D) 5 percent
- Q58** In $\triangle PQR$, angle bisector of $\angle P$ intersects QR at S . If $PQ = PR$, then what is the value of

$\angle PSQ$?

- (A) 75 degree
 (B) 80 degree
 (C) 70 degree
 (D) 90 degree

- Q59** The table given below shows the number of sharpener sold by two shopkeepers A and B in 5 months.

Months	Shopkeepers	
	A	B
R	200	155
S	190	160
T	170	210
U	165	180
V	155	175

P_1 = The total number of sharpener sold by A.

P_2 = The total number of sharpener sold by B.

What is the value of (P_1/P_2) ?

- (A) 1
 (B) 2
 (C) 3
 (D) 4

- Q60** The radius of a sphere is 3.5 cm. What is the total surface area of the sphere?
 (A) 154 cm^2
 (B) 77 cm^2
 (C) 231 cm^2
 (D) 188 cm^2

- Q61** Student A got 25 marks more than the student B and the marks of A were equal to the 60 percent of the sum of their marks. What are the marks obtained by A and B respectively?
 (A) 75,100
 (B) 75,50
 (C) 45,120
 (D) 55,80

- Q62** If $x^2 + \frac{1}{x^2} = 4$, then what is the value of $x^4 + \frac{1}{x^4}$?
 (A) 16
 (B) 14
 (C) 12
 (D) 20

- Q63** In an equilateral triangle $\triangle STU$, inradius is $5\sqrt{3}$ cm. What is the length of side of this equilateral triangle?

- (A) $20\sqrt{3}$ cm
 (B) $18\sqrt{3}$ cm
 (C) 30 cm
 (D) 24 cm

Q64 12 men and 16 boys can do a piece of work in 5 days, while 13 men and 24 boys can do it in 4 days. In how many days can 29 men and 22 boys complete the work?

- (A) 2.5 (B) 2.45
 (C) 2.6 (D) 2.4

Q65 If $\sqrt{2} \sec^2 \theta - 4 \sec \theta + 2\sqrt{2} = 0$, then what is the value $\sin^2 \theta + \tan^2 \theta$?

- (A) 1/2 (B) 2/3
 (C) 5/2 (D) 3/2

Q66 M is the incentre of the $\triangle XYZ$. If $\angle YXZ + \angle YMZ = 150^\circ$, then what is the value of $\angle YXZ$?

- (A) 40 degree (B) 55 degree
 (C) 60 degree (D) 45 degree

Q67 10 Consecutive numbers are given. If the average of the two numbers given in the middle is 13.5, then what is the sum of the first 6 numbers?

- (A) 58 (B) 55
 (C) 67 (D) 69

Q68 If $a + b + c = 6$ and $a^2 + b^2 + c^2 = 40$, then what is the value of $a^3 + b^3 + c^3 - 3abc$?

- (A) 212 (B) 252
 (C) 232 (D) 206

Q69 At what rate of compound interest (Compounding annually) per annum will a sum of Rs. 1,000 become Rs. 1,060.90 in 2 years?

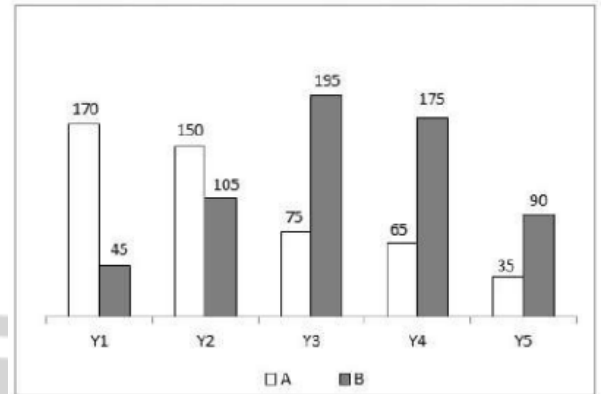

- (A) 2% per annum
 (B) 4% per annum
 (C) 3% per annum
 (D) 5% per annum

Q70 If $\operatorname{cosec} B = 3/2$, then what is the value of $\cot B \sin B$?

- (A) $\frac{\sqrt{5}}{3}$
 (B)

- $\frac{4}{3\sqrt{3}}$
 (C) $\frac{3\sqrt{2}}{2}$
 (D) $\frac{2\sqrt{5}}{3}$

Q71 The bar graph given below shows the foreign trade by two countries A and B in 5 different years.

J1 = The total foreign trade by country A in all the 5 years.

J2 = The total foreign trade by country B in all the 5 years.

What is the value of $(J2 - J1)$?

- (A) 125 (B) 115
 (C) 95 (D) 74

Q72 What is the value of $\frac{3 \cos 62^\circ}{\sin 28^\circ} - \frac{2 \tan 34^\circ}{\cot 56^\circ}$?

- (A) 3 (B) 1
 (C) 5 (D) 4

Q73 If the sum of three consecutive composite numbers is 36, then what is the product of the three numbers?

- (A) 1460 (B) 1750
 (C) 1680 (D) 1820

Q74 A, B and C together can finish a piece of work in 20 days. A alone can finish the work in 40 days. What part of the work B and C together can finish in a day?

- (A) 1/5 (B) 1/20
 (C) 1/10 (D) 1/40

Q75 The incomes of A and B are in the ratio 4:5 and their expenditure are in the ratio 5:4. If A saves Rs. 6000 and B saves Rs. 12000, then what will be the income of A?

- (A) Rs. 18000
(B) Rs. 20000
(C) Rs. 12000
(D) Rs. 16000

Q76 Central Bureau of Intelligence and Investigation comes under which list of the seventh schedule of the Indian constitution?

- (A) Union list
(B) Concurrent list
(C) State list
(D) Transferred list

Q77 The production function can be expressed as _____. (where L is labour and C is capital and Q is the maximum output that can be produced)

- (A) $Q = f(C)$ (B) $L = f(Q, C)$
(C) $Q = f(L)$ (D) $Q = f(L, C)$

Q78 Who among the following chess grandmasters won the ninth edition of the Sinquefeld Cup in September 2022?

- (A) Magnus Carlsen
(B) Alireza Firouzja
(C) Ian Nepomniachtchi
(D) Wesley So

Q79 An image formed by the convex mirror is always _____.

- (A) virtual and inverted
(B) real and erect
(C) virtual and erect
(D) real and inverted

Q80 As per area, India is the _____ largest country in the world.

- (A) 2nd (B) 7th
(C) 10th (D) 4th

Q81 Which of the following states has Maharshi Valmiki Scheduled Tribes Development Corporation Limited?

- (A) Punjab (B) Karnataka
(C) Delhi (D) Haryana

Q82 Which of the following shortcut key is used to copy the selected data in MS-Word 365?

- (A) Ctrl + X (B) Alt + C
(C) Ctrl + C (D) Alt + X

Q83 In which of the following modes of data transmission, can the data flow in both directions simultaneously?

- (A) Simplex
(B) Quarter-duplex
(C) Half-duplex
(D) Full-duplex

Q84 In _____, the British government enacted a legislation banning the use of printed cotton textiles – chintz – in England. Interestingly, this Act was known as the Calico Act.

- (A) 1720 (B) 1700
(C) 1740 (D) 1730

Q85 Which of the following is NOT a classical dance of India?

- (A) Bhangra (B) Bharatnatyam
(C) Manipuri (D) Kathak

Q86 Which country won the 2022 FIH Junior Women's Hockey World Cup?

- (A) Belgium
(B) Germany
(C) Netherlands
(D) Spain

Q87 Who is a well known tabla maestro of the Punjab Gharana?

- (A) Moti Lal Kemmu
(B) Pt. Ravi Shankar
(C) Alla Rakha
(D) Bismillah Khan

Q88 The potential difference, V, across the ends of a given metallic wire in an electric circuit is directly proportional to the current flowing through it, provided its temperature remains the same. This is called _____ law.

- (A) Pascal's (B) Charles's
(C) Ohm's (D) Boyle's

Q89 "Narendra Modi: A Political Biography" is written by _____.

- (A) Poonam Surie (B) Andy Marino
(C) Daman Singh (D) Raghav Bahal

Q90 _____ won the International Cricket Council (ICC) Men's Player for the month of September 2022.

- (A) Axar Patel
(B) Mohammad Rizwan
(C) Cameron Green
(D) Sikandar Raza

Q91 In which year was a law passed in India to make conversion to Christianity easier?

- (A) 1845 (B) 1850
(C) 1830 (D) 1840

Q92 Kadana Dam of Gujarat is built over which of the following rivers?

- (A) Mahi (B) Manjira
(C) Tapti (D) Sabarmati

Q93 Who won the Best Actor in a Leading Role award in the 94th Academy Awards 2022?

- (A) Leonardo DiCaprio
(B) Will Smith
(C) Hugh Jackman
(D) Troy Kotsur

Q94 State public services; State Public Service Commission comes under which list of seventh schedule of the Indian constitution?

- (A) State list
(B) Transferred list
(C) Concurrent list
(D) Union list

Q95 The World Bank extended an unconditional loan of \$ _____ million for the SALT project in Andhra Pradesh in October 2022.

- (A) 250 (B) 200
(C) 350 (D) 300

Q96 Which of the following statements is correct?

- (A) Metals react with acids and produce metal salts and hydrogen gas.
(B) Non-metals react with oxygen to produce non-metallic oxides which are basic in nature
(C) On burning, metals react with oxygen to produce metal oxides which are acidic in nature
(D) Less reactive metals displace more reactive metals from their compounds in aqueous solutions

Q97 The Fifth Assembly of International Solar Alliance took place in _____ in October 2022.

- (A) New Delhi (B) Kolkata
(C) Gurugram (D) Pune

Q98 What type of the rock is Granite?

- (A) Extrusive igneous rocks
(B) Sedimentary rocks
(C) Metamorphic rocks
(D) Intrusive igneous rocks

Q99 The Reserve Bank of India raised the minimum capital requirement for setting up an asset reconstruction company (ARC) to Rs _____ crore in October 2022.

- (A) 350 (B) 300
(C) 200 (D) 250

Q100 When are the kharif crops harvested?

- (A) July – August
(B) September – October
(C) March – April
(D) January – February

Hints & Solutions

Q1 Text Solution:

Let us first understand the given options:

- **Mortal:** Pertaining to human beings who are subject to death
- **Mystic:** Relating to mystical or spiritual practices or experiences; involving esoteric knowledge or hidden meanings
- **Invulnerable:** Not susceptible to injury, harm, or damage; incapable of being wounded or harmed
- **Bigot:** A person who is intolerant, prejudiced, or biased, especially regarding religion, race, or politics, and who refuses to accept or tolerate different opinions or beliefs

Hence, "Invulnerable" is the most appropriate one-word substitution for the given group of words "One that cannot be harmed/wounded".

Q2 Text Solution:

- In A, B and C the incorrectly spelt words are "employees, access and data". The correct spellings are "employees, access and data".
- The meaning of 'employees' is 'Individuals who work for an organization or business and are hired to perform specific tasks or duties in exchange for compensation' and 'access' is 'The ability or permission to enter, approach, or use something'.

Hence, "Your employees also have access to this data" is the correct answer.

Q3 Text Solution:

The given sentence is in active voice and past indefinite tense.

Structure:

- Active voice: Subject + V-2 or (didn't + V1) + object.
- Passive voice: Object + was/were + V-3 + by + subject.

In this sentence,

- Active voice: She + persuaded + him for over a year.
- Passive voice: He + was + persuaded + by + her for over a year.

Correct sentence: He was persuaded by her for over a year.

Q4 Text Solution:

- Sentence S introduces us to the topic "Glacial-interglacial carbon dynamics".
- Hence this should be the first in the sequence.
- Sentence P is the next in the sequence, as it follows up on S by clarifying that the understanding of this dynamics requires knowledge of the complex interplay.
- Sentence Q is the third, as it provides the details of interplay among ocean chemistry and circulation.
- Sentence R is the last, as it is the only sentence left and it also tells us about the ecology of marine and terrestrial organisms, ice sheet dynamics etc.

Therefore, the correct order of the sentences is SPQR.

Q5 Text Solution:

The underlined part of the sentence is grammatically incorrect and needs improvement with "Non-finite verbs".

- The appropriate infinitive verb form to use in this sentence is "to clean."
- This infinitive form signifies the purpose for which the maid was hired.
- Hence, "to have cleaner" must be replaced by "to clean" to make the sentence grammatically correct.

Correct sentence: They hired a maid to clean the house.

Q6 Text Solution:

- **Vacillate:** To waver or be indecisive between two or more options or courses of action
 - E.g.: She vacillated between accepting the job offer and staying at her current position.

Let us first understand the given options:

- **Advance:** To move forward or make progress, often in a purposeful or gradual manner
- **Stir:** To mix or agitate a liquid or substance by moving it with a spoon or other utensil
- **Plunge:** To dive or jump into water or another substance headfirst or with force
- **Hesitate:** To pause or hold back in uncertainty, doubt, or indecision
 - E.g.: He hesitated before making a decision.

Hence, "Hesitate" is the most appropriate synonym for the word "Vacillate".

Q7 Text Solution:

The given blank needs to be filled with an "adjective".

Let us first understand the given options:

- **Rooting:** To establish roots or take root, typically used to describe plants growing roots in soil
- **Animated:** Pertaining to the production of animated cartoons or movies, involving the manipulation of images to create the illusion of movement
 - Example: The studio released a highly anticipated animated film this year.
- **Freezing:** Extremely cold; below the freezing point of water
- **Implanting:** To insert or embed something firmly into something else

Hence, "animated" is the most appropriate option for the given blank grammatically and contextually as the statement wants to convey that Google celebrated the onset of spring in the northern hemisphere with a lively graphic. So, only 'animated' correctly fits here as it has the same meaning.

The complete sentence is: Google on Saturday celebrated the onset of spring in the northern hemisphere with an animated graphic.

Q8 Text Solution:

- **Reprove:** To express disapproval of or criticize someone's behaviour or actions
 - E.g.: The teacher reproved the student for not completing the assignment.

Let us first understand the given options:

- **Rap:** A quick, sharp blow or knock
- **Eulogize:** To praise or pay tribute to someone, especially in a formal speech or written work, typically after their death
 - E.g.: The minister eulogized the deceased as a kind and generous person.
- **Pummel:** To repeatedly strike or beat someone or something with fists or heavy blows
- **Keelhaul:** To punish or discipline someone by dragging them under the keel of a ship and back up on the other side, usually as a naval punishment

Hence, "Eulogize" is the most appropriate antonym for the word "Reprove".

Q9 Text Solution:

- **Abeyance:** A state of temporary suspension or inactivity
 - E.g.: The project was put into abeyance until further funding could be secured.

Let us first understand the given options:

- **Latency:** The state of being present but not yet visible, active, or manifest
- **Moratorium:** A temporary suspension or halt on a particular activity, typically legal or economic in nature
- **Layoff:** To terminate or dismiss employees from their jobs, usually due to economic reasons or organizational restructuring
- **Continuation:** The act of carrying on or prolonging something
 - E.g.: The continuation of the discussion will take place in the next meeting.

Hence, "Continuation" is the most appropriate antonym for the word "Abeyance".

Q10 Text Solution:

The given sentence is grammatically incorrect and the error lies in the option "you are going to stumble to a". The error is related to the "Phrasal verb".

- We use 'stumble upon' which means 'to discover something by chance, or to meet someone by chance'.
- Thus, in the given sentence, we will replace 'to' with 'upon' to make it correct.
 - Example: Workmen stumbled upon the mosaic while digging foundations for a new building.
- Hence, "you are going to stumble to a" must be replaced by "you are going to stumble upon a" to make the sentence grammatically correct.

Correct sentence: You never know when you are going to stumble upon a jewel in the most unexpected corner.

Q11 Text Solution:

The given sentence is grammatically incorrect and the error lies in the option "Every of the two". The error is related to the "pronouns".

- "Each" is employed when discussing individual members of a group, particularly when the group is small, as is the case with two girls here. Conversely, "every" is utilized when referring to all the members of a group consisting of three or more.
- Also, we require a pronoun here and every is a determiner.
- Hence, "Every of the two" must be replaced by "Each of the two" to make the sentence grammatically correct.

Correct sentence: Each of the two girls will get the reward.

Q12 Text Solution:

The given sentence is in direct narration.

Follow the rules given below to change it to indirect speech:

- The inverted commas (" ") used in Direct Narration will be removed in Indirect Narration and the "that" conjunction will be used.
- The tense of the reported speech is past perfect tense, so there will be no change in the indirect narration.
- Also, the first-person pronoun is changed according to the subject of the reporting verb, so "I" will change to 'he'.

The sentence in indirect speech will be: He said that he had gone to Shimla.

Q13 Text Solution:

The given blank needs to be filled with a "verb".

Let us first understand the given options:

- Glanced: To look briefly or quickly at someone or something
- Seemed: To give the impression or appear to be a certain way
 - Example: It seemed like a good idea at the time.
- Heeded: To pay attention to, take notice of, or give consideration to someone's advice, warning, or instruction
- Lest: Used to introduce a clause expressing a negative purpose or intention, typically suggesting a warning or caution to avoid an undesirable outcome

Hence, "seemed" is the most appropriate option for the given blank grammatically and contextually as the statement wants to convey that at first, the water appeared blue but later it turned out to be grey. So, only 'seemed' correctly fits here as it has the same meaning.

The complete sentence is: At first the water seemed blue, then grey.

Q14 Text Solution:

The given blank needs to be filled with an "adjective".

Let us first understand the given options:

- **Marinated:** Describing food that has been soaked in a seasoned liquid or sauce to enhance its flavour or tenderize it
- **Brewed:** To prepare a beverage, typically tea or coffee, by soaking and steeping it in hot water
- **Quilted:** Having a design or pattern created by stitching together layers of fabric or padding
 - Example: The quilted blanket kept her warm on cold winter nights.
- **Stewed:** Describing food that has been cooked slowly and gently in a liquid, often with other ingredients, resulting in a rich and flavorful dish

Hence, "quilted" is the most appropriate option for the given blank grammatically and contextually as the statement wants to convey that Ram placed her in one of the leather chairs that have a design created by stitching the layers of fabric. So, only 'quilted' correctly fits here as it has the same meaning.

The complete sentence is: Ram placed her in one of the quilted leather chairs opposite his desk.

Q15 Text Solution:

The given blank needs to be filled with a "noun".

Let us first understand the given options:

- **Impotence:** The condition of being unable to achieve or maintain an erection, also known as erectile dysfunction, typically refers to male sexual dysfunction
- **Futility:** The quality or state of being futile or pointless; lack of effectiveness or usefulness
 - Example: Despite their best efforts, they realized the futility of trying to change his mind.
- **Scorch:** To burn the surface of something with intense heat or fire, typically causing

discolouration or damage

- **Incompatibility:** The state or quality of being incompatible, lacking the ability to coexist or work together harmoniously

Hence, "futility" is the most appropriate option for the given blank grammatically and contextually as this term is employed when an action fails to yield any beneficial outcomes, which aligns with the concept of "usefulness" in the sentence.

The speaker is prompting consideration regarding the effectiveness or futility of blocking all the highways.

The complete sentence is: Sir, can you reflect on the usefulness or futility of blocking all the highways?

Q16 Text Solution:

- **Sinister:** Suggesting or indicating evil, harm, or malevolence; giving a feeling of menace or threat
 - E.g.: The abandoned house had a sinister atmosphere that sent shivers down their spines.

Let us first understand the given options:

- **Propitious:** Showing signs of being favourable, advantageous, or likely to lead to success or good outcomes
 - E.g.: The propitious weather conditions were ideal for a successful harvest.
- **Ominous:** Giving the impression that something bad or unpleasant is about to happen; foreboding; suggesting ill fortune or trouble.
- **Baleful:** Threatening harm or evil; having a malign influence or effect.
- **Foreboding:** A sense or feeling that something bad or unpleasant is about to happen; a premonition of impending danger or misfortune.

Hence, "Propitious" is the most appropriate antonym for the word "Sinister".

Q17 Text Solution:

"Sugest" is an incorrectly spelt word.

- The correctly spelt word is "Suggest" which means to propose or put forward an idea, plan, or course of action for consideration.
 - E.g.: She suggested going out for dinner instead of cooking at home.

Meaning of the other words:

- **Healthy:** In a good physical or mental condition; free from illness or injury.
- **Quantum:** A discrete quantity or unit of measurement, typically used in the context of physics.
- **Mechanics:** The branch of physics that deals with the behaviour of physical bodies under the action of forces.

Q18 Text Solution:

Let us first understand the given options:

- **Insecticide:** A substance or chemical used to kill or control insects
- **Suicide:** The act of intentionally taking one's own life
- **Tyrannicide:** The act of killing a tyrant or oppressive ruler
- **Patricide:** The act of killing one's own father

Hence, "Patricide" is the most appropriate one-word substitution for the given group of words "Killing one's father".

Q19 Text Solution:

The idiom "Lion's mouth" means "to deliberately place yourself in a dangerous or difficult situation".

- E. g.: I really put my head in the lion's mouth by sneaking out of the house late at night.

Hence, the idiom "Lion's mouth" means "A dangerous situation".

Q20 Text Solution:

The idiom "A bolt from the blue" means "a complete surprise, something totally unexpected".

- E. g.: The resignation of the chairman came like a bolt from the blue.

Hence, the idiom "A bolt from the blue" means "An unexpected event".

Q21. Text Solution:

The given blank needs to be filled with an "adjective".

Let's first understand the given options:

- **Kind:** Showing a gentle, generous, and considerate nature
- **Welcoming:** Friendly and receptive towards others, creating an inviting atmosphere
- **Impolite:** Lacking manners or showing a lack of consideration for others
- **Negative:** Expressing denial, disagreement, or pessimism; lacking positivity
 - Example: He had a negative attitude towards the project from the beginning.

Hence, "negative" is the most appropriate option for the given blank grammatically and contextually as the statement wants to convey that there are so many myths about the unfavourable impacts of milk on health.

So, only 'negative' correctly fits here as other options do not make any sense.

Q22. Text Solution:

The given blank needs to be filled with a "determiner".

Let's first understand the given options:

- **Those:** Referring to a specific group of people, objects, or things that are farther away in distance or less closely related
- **Thus:** Used to indicate a conclusion, result, or consequence that follows from what has been stated or done
- **These:** Referring to a specific group of people, objects, or things that are closer in distance or more closely related
 - Example: These pens are all of different colors.
- **This:** Refers to a specific person, object, or thing that is close in distance or being discussed at the present moment

Hence, "these" is the most appropriate option for the given blank grammatically and

contextually as we need a plural determiner before the plural noun "Myths".

Q23. Text Solution:

The given blank needs to be filled with an "adverb".

Let's first understand the given options:

- **Suddenly:** Happening or occurring quickly and unexpectedly, without warning
- **Nominally:** In name or by title only, with little or no actual authority or influence
- **Highly:** To a great extent or degree; very much
 - Example: He was highly skilled in playing the piano.
- **Invisibly:** In a way that cannot be seen or perceived by the eye or other senses

Hence, "highly" is the most appropriate option for the given blank grammatically and contextually as the statement wants to convey that these myths may mean you are unnecessarily restricting this extremely nutritious drink.

So, only 'highly' correctly fits here as it has the same meaning.

Q24. Text Solution:

The given blank needs to be filled with a "verb".

Let's first understand the given options:

- **Lose:** to have less of something
 - Example: She loses her weight by 5 kgs.
- **Meditate:** To engage in deep thought, contemplation, or reflection, often for the purpose of relaxation, self-reflection, or spiritual growth
- **Subjugate:** To bring under complete control or dominion, often by force or through the exercise of authority
- **Leverage:** The power, influence, or advantage gained through the strategic use of a resource or situation

Hence, "lose" is the most appropriate option for the given blank grammatically and contextually. Australians often restrict dairy

foods when they try to lose weight believing them to be fattening.

So, only 'lose' correctly fits here as other options do not make any sense.

Q25. Text Solution:

The given blank needs to be filled with an "adjective".

Let's first understand the given options:

- **Inoperable:** Unable to function or operate as intended, typically referring to a mechanical or technical device.
- **Deficient:** Lacking in some essential quality or element, insufficient or inadequate
- **Durable:** Able to withstand wear, pressure, or damage; long-lasting
- **Available:** Accessible, obtainable, or ready to be used or obtained
 - Example: The hotel has rooms available for the weekend.

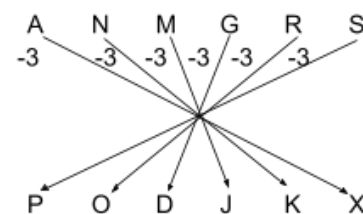

Hence, "available" is the most appropriate option for the given blank grammatically and contextually as the statement wants to convey that dairy products naturally contain fat there are many reduced-fat products obtainable.

So, only 'available' correctly fits here as it has the same meaning.

Q26 Text Solution:

Here, we have been given a word with its code with a logic and we have to find another word code using the same logic.

ANMGRS : PODJKX

Similarly,
CHAIRS : ?

Hence, "POFXEZ" is the correct answer.

Q27 Text Solution:

In this type of question, three of them will be the same and one will be different, we have to find an odd one.

The logic followed here is:

- Second Letter = First Number - 2
- Third Letter = Second Letter - 3

Let's check each option,

Option → RPM

$R \xrightarrow{-2} P \xrightarrow{-3} M$

Option → BZW

$B \xrightarrow{-2} Z \xrightarrow{-3} W$

Option → IGE

$I \xrightarrow{-2} G \xrightarrow{-2} E$

Option → AYV

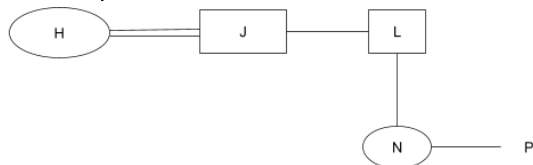

$A \xrightarrow{-2} Y \xrightarrow{-3} V$

Hence, "IGE" is the correct answer.

Q28 Text Solution:

We have been given some relation between the persons in the given question, according to the given question, we have to make a family tree and find the answer of the given question.

The family tree is as follow :-

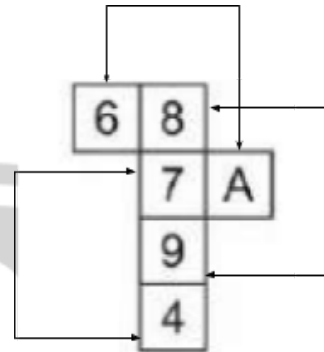

So, H is Father's Brother's wife of N.

Hence, "Father's Brother's wife" is the correct answer.

Q29 Text Solution:

Here, we have been given an open shape of a cube, we have to find out which number/letter will be on the face opposite to the face showing '7'.

When the paper is folded to form a cube, the faces that will be opposite to each other is shown below:

So,

- 6 is the opposite face of A.
- 8 is the opposite face of 9.
- 7 is the opposite face of 4.

Hence, "4" is the correct answer.

Q30 Text Solution:

In this question we have to find the correct arrangement of the following terms in a logical and meaningful order.

The logic followed here is:

Post-Graduation → Post-Graduation comes after graduation and refers to further education at a higher level, such as a master's or doctoral degree.

Graduation → Graduation refers to the completion of an undergraduate degree.

Nursery → Nursery is the initial stage of education.

Matriculation → Matriculation refers to the completion of secondary education or high school.

Higher Secondary → Higher Secondary follows matriculation and is typically the next level of education.

The correct logical order is:

3. Nursery
4. Matriculation
5. Higher Secondary
2. Graduation
1. post-Graduation

Hence, "3, 4, 5, 2, 1" is the correct answer.

Q31 Text Solution:

We have been given letters - clusters arranged in a series using some logic. We have to identify the logic and then have to find the cluster that will replace the question mark.

The Pattern is as follow :-

$$A - 4 = W - 4 = S - 4 = O - 4 = K$$

$$B + 6 = H + 6 = N + 6 = T + 6 = Z$$

$$C + 13 = P + 13 = C + 13 = P + 13 = C$$

Hence, "KZC" is the correct answer.

Q32 Text Solution:

We have been given that the second number is related to the first number, the 4th number is related to the 3rd number and the 6th number is related to the 5th number using some logic. We have to identify the logic and then have to find the 6th number.

Logic:

$$1st\ number + 133 = 2nd\ number.$$

$$434 : 567 \rightarrow 434 + 133 = 567$$

$$617 : 750 \rightarrow 617 + 133 = 750$$

Similarly,

$$839 : ? \rightarrow 839 + 133 = 972$$

Hence, "972" is the correct answer.

Q33 Text Solution:

In this question we have to find what will be the value of the given equation after interchanging the given two number.

$$\text{Given Equation: } 21 \div 14 \times 3 + 48 - 37$$

After interchanging 14 and 21, the equation, we get:

$$\rightarrow 14 \div 21 \times 3 + 48 - 37 = ?$$

Apply BODMAS rule

$$\rightarrow 2 + 48 - 37 = ?$$

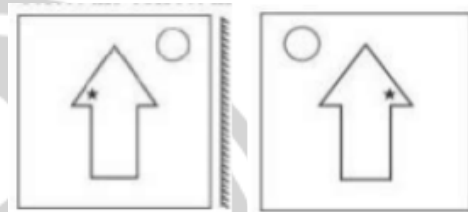

$$\rightarrow 50 - 37 = 13$$

Hence, "13" is the correct answer.

Q34 Text Solution:

We have been given a figure and a mirror in this question, we have to imagine that figure, how that figure will appear in that mirror.

- The mirror which is placed on the right side of the image, due to this the whole image will be rotated by 180 degrees.
- Patterns which are closer to the mirror will appear closer in the mirror image too and vice-versa.

Hence, "option C" is the correct answer.

Q35 Text Solution:

In this question we have to find another word pair which is similar to the given word pair.

Logic:-

Cockpit : Aeroplane

The relationship between the words "Cockpit" and "Aeroplane" is that the cockpit is a part of an aeroplane.

Let's check each option,

Student: Class

Student is a part of Class.

House: Room

House is not a part of Room. Infact, Room is a part of House. The order is incorrect.

Pencil: Lead

Pencil is not a part of Lead. Infact, Lead is a part of Pencil. The order is incorrect.

Bicycle: Pedal

Bicycle is not a part of Pedal. Infact, Pedal is a part of Bicycle. The order is incorrect.

Here, we can see that only 'Student: Class' follow the logic.

Hence, "Student: Class" is the correct answer.

Q36 Text Solution:

In the question ;

Logic : @ denotes subtraction

The final answer is obtained by reversing the digits of the result we get after subtraction

- $617 @ 342 = 572$

$$617 - 342 = 275$$

Reversing the digits in 572 , we get 572

- $483 @ 342 = 141$

$$483 - 342 = 141$$

Reversing the digits in 141 , we get 141

- $280 @ 82 = ?$

$$280 - 82 = 198$$

Reversing the digits in 198 , we get 891

Hence , " 891 " is the correct answer .

Q37 Text Solution:

We have been given that the second word is related to the first word and the fourth word is related to the third word using some logic . We have to identify the logic and then have to find the fourth word.

Thermometer : Temperature

Thermometer is an instrument that measures temperature.

Similarly,

Seismograph : ?

A Seismograph is an instrument that measures the degree of an earthquake .

Hence, "Earthquake" is the correct answer.

Q38 Text Solution:

In this type of question, three of them will be the same and one will be different, we have to find an odd one.

- Euro is the currency of European Union.
- Rupee is the currency of India.
- Doller is the currency of US.
- Dhaka is the capital city of Bangladesh.

So, Dhaka is the odd one out

Hence, "Dhaka" is the correct answer.

Q39 Text Solution:

We have been given numbers arranged in a series using some logic. We have to identify the logic and then have to find the number that will replace the question mark in the given series.

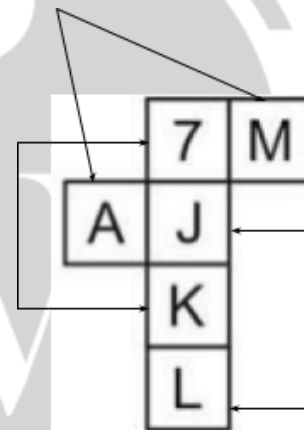

The pattern is as follow:-

$$51 \xrightarrow{+4(2^2)} 55 \xrightarrow{+9(3^2)} 64 \xrightarrow{+16(4^2)} 80 \xrightarrow{+25(5^2)} 105 \xrightarrow{+36(6^2)} 141$$

Hence, "141" is the correct answer.

Q40 Text Solution:

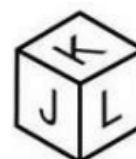

Here we are given the unfolded shape of a dice, we have to find out what it will not look like after it is folded.

- M and A is the opposite sides.
- K and 7 is the opposite sides.
- J and L is the opposite sides.
- Two opposite sides can not be the adjacent surfaces, so it can't be shows in a dice. Now,

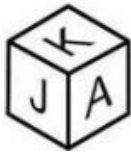

Option Can be made, because no opposite sides in the given Dice.

Option Can not be made, because J and L are the opposite sides.

Option Can be made, because no opposite sides in the given Dice.

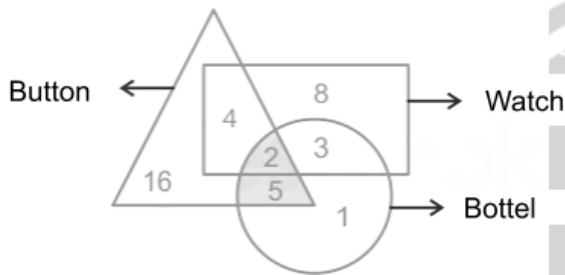

Option Can be made, because no opposite sides in the given Dice.

Hence, "option B" is the correct answer.

Q41 Text Solution:

In this question we have to find how many are both buttons and bottle.

The shaded area shows the "total number of buttons and bottle".

So, the total number of buttons and bottle = $2 + 5 = 7$.

Hence, "7" is the correct answer.

Q42 Text Solution:

Here, we have been given a word with its code with a logic and we have to find another word code using the same logic.

JAIL : 304

J	A	I	L	
				Opposite
Q	Z	R	O	
$17 + 26 + 18 + 15 = 76 \times 4 = 304$				

LAWN : 232

L	A	W	N	
				Opposite
O	Z	D	M	
$15 + 26 + 4 + 13 = 58 \times 4 = 232$				

Similarly,

NAVY : ?

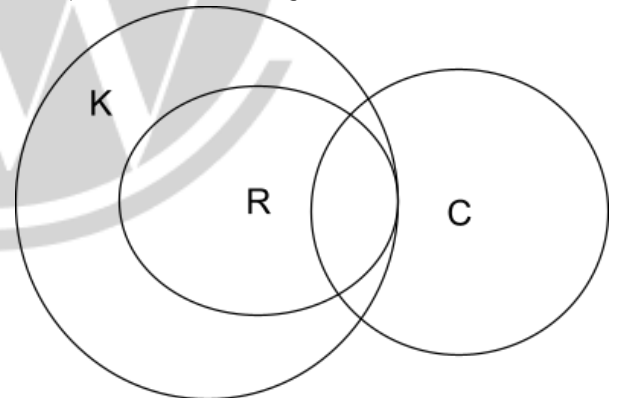

N	A	V	Y	
				Opposite
M	Z	E	B	
$13 + 26 + 5 + 2 = 46 \times 4 = 184$				

Hence, "184" is the correct answer.

Q43 Text Solution:

We have been given two or three statements in the given question, according to those statements we have to make a venn diagram and from that venn diagram we have to check the conclusion that which conclusion is true or false.

The possible venn diagram is:-

Conclusions:

I. All K are R - False (Because, All R are K, means some K are R and All K are R is possible only).

II. All C are R - False (Because, Some R are C given and All C are R is possible only).

III. All C are K - False (Because, Some R are C and All R are K gives Some C are K, and All C are K are possible only).

So, Neither conclusion follows.

Hence, "Neither conclusion follows" is the correct answer.

Q44 Text Solution:

In this question we have to find another number set which is similar to the given number set.

Logic:-

1st number $\times$ 2nd number $\times 6$ = 3rd number.

Now,

(13, 7, 546)

$13 \times 7 \times 6$

546

(14, 15, 1260)

$14 \times 15 \times 6$

1260

Similarly,

Option :- (28,21, 3528)

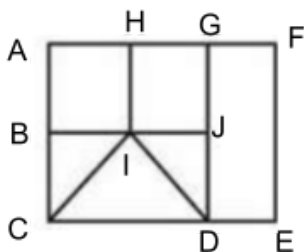

$28 \times 21 \times 6$

3528

Hence, "(28,21, 3528)" is the correct answer.

Q45 Text Solution:

In this question we have to count how many quadrilaterals in the given figure.

The quadrilaterals names are:

□ ABHI, □ GHIJ, □ BCDJ, □ DEFG, □ ABJG, □ CIJD, □ BIDC, □ ACIH, □ HIDG, □ ACDG, □ ACEF

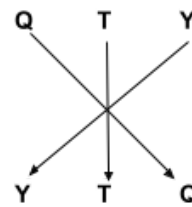

Hence, "11" is the correct answer.

Q46 Text Solution:

Here, we have been given a word with its code with a logic and we have to find another word code using the same logic.

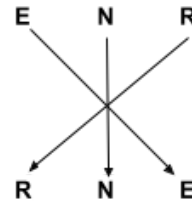

The pattern is as follow:-

QTY : YTQ

Similarly,

ENR : ?

Hence, "RNE" is the correct answer.

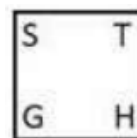

Q47 Text Solution:

In this type of question, we have been given a series. In this series we have to find the missing figure of this series by finding the relation.

Logic:-

- Letter 'N' has shifting a place in clockwise direction in next images, and replaced with H.
- Letter 'K' has shifting a place in clockwise direction in next images, and replaced with G.
- Letter 'R' has shifting a place in clockwise direction in next images, and replaced with S.
- Letter 'P' has shifting a place in clockwise direction in next images, and replaced with T.

So, the next figure is:-

Hence, "option D" is the correct answer.

Q48 Text Solution:

In this question we have to find another number set which is similar to the given number set.

Logic:-

- (Third Number - Second Number) $\div$ 2 = First Number.

Given set 1 :- (10, 22, 42)

$$(42 - 22) \div 2 = 10$$

$$(20) \div 2 = 10$$

$$10 = 10$$

$$\text{LHS} = \text{RHS.}$$

Given set 2 :- (15, 14, 44):

$$(44 - 14) \div 2 = 15$$

$$(30) \div 2 = 15$$

$$15 = 15$$

$$\text{LHS} = \text{RHS.}$$

Now, Let's check each option as per the logic:

Option :- (9, 22, 38):

$$(38 - 22) \div 2 = 9$$

$$(16) \div 2 = 9$$

$$8 \neq 9$$

$$\text{LHS} \neq \text{RHS.}$$

Option:- (12, 12, 24):

$$(24 - 12) \div 2 = 12$$

$$(12) \div 2 = 12$$

$$6 \neq 12$$

$$\text{LHS} \neq \text{RHS.}$$

Option :- (13, 12, 38):

$$(38 - 12) \div 2 = 13$$

$$(26) \div 2 = 13$$

$$13 = 13$$

$$\text{LHS} = \text{RHS.}$$

Option :- (6, 3, 17):

$$(17 - 3) \div 2 = 6$$

$$(14) \div 2 = 6$$

$$7 \neq 6$$

$$\text{LHS} \neq \text{RHS.}$$

Hence, "(13, 12, 38)" is the correct answer.

Q49 Text Solution:

In this type of question, three of them will be the same and one will be different, we have to find an odd one.

Logic :-

$$(\text{First Number})^3 = \text{Second Number.}$$

Let's check each option as per the logic:

Option :- 14 - 2844:

$$(14)^3 = 2744$$

$$2744 \neq 2844.$$

$$\text{LHS} \neq \text{RHS}$$

Option :- 12-1728:

$$(12)^3 = 1728$$

$$1728 = 1728$$

$$\text{LHS} = \text{RHS}$$

Option :- 20 - 8000:

$$(20)^3 = 8000$$

$$8000 = 8000$$

$$\text{LHS} = \text{RHS.}$$

Option :- 10 - 1000:

$$(10)^3 = 1000$$

$$1000 = 1000$$

$$\text{LHS} = \text{RHS.}$$

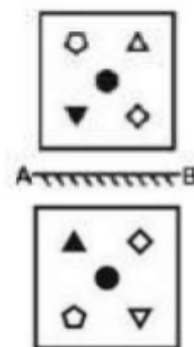

Here, we can see that only Option '14 - 2844' doesn't follow logic.

Hence, "14 - 2844" is the correct answer.

Q50 Text Solution:

We have been given a figure and a mirror in this question, we have to imagine that figure, how that figure will appear in that mirror.

- The mirror which is placed on the top of the image, due to this the whole image will be opposite to the given image.
- Patterns which are closer to the mirror will appear closer in the mirror image too and vice-versa.

Hence, "option A" is the correct answer.

Q51 Text Solution:

Total number of families whose income is more than or equal to 10000 but less than or equal to 25000 = $3+4+8 = 15$

Total number of families whose income is more than 35000 but less than or equal to 50000 = 10+4+5 = 19
 Difference = 19-15 = 4

Q52 Text Solution:

A man travelled a certain distance by train at the speed of 50 km/hr and walked back the same distance at the speed 10 km/hr. If the whole journey took 12 hours.

Let the distance travelled by a man be X km.

As per the question,

$$\frac{X}{50} + \frac{X}{10} = 12$$

$$\frac{X+5X}{50} = 12$$

$$\frac{6X}{50} = 12$$

$$X = 100 \text{ km}$$

Q53 Text Solution:

A shopkeeper sells a table at a discount of 20 percent and earns a profit of 30 percent. If he sells the same table at 10 percent discount

$$\frac{Mp}{Cp} = \frac{100+P}{100-D}$$

$$\frac{Mp}{Cp} = \frac{100+30}{100-20}$$

$$\frac{Mp}{Cp} = \frac{130}{80}$$

If he sells the same table at 10 percent discount

$$Sp = 90\% \text{ of } 130 = 117$$

$$\% \text{ Profit} = \frac{117-80}{80} \times 100$$

$$= \frac{370}{8} \% = 46.25\%$$

So, correct option is C.

Q54 Text Solution:

$$\left(k + \frac{1}{k}\right)^2 = 9$$

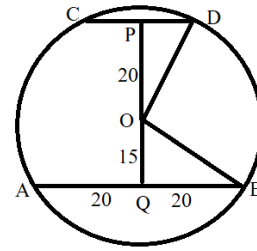

$$k + \frac{1}{k} = 3$$

Cubing both sides

$$k^3 + \frac{1}{k^3} + 3 \times k \times \frac{1}{k} \left(k + \frac{1}{k}\right) = 27$$

$$k^3 + \frac{1}{k^3} + 9 = 27$$

$$k^3 + \frac{1}{k^3} = 18$$

Q55 Text Solution:

$$AB = 40 \text{ cm}$$

$$QB = \frac{40}{2} = 20 \text{ cm}$$

$$OQ = 15 \text{ cm}$$

$$OP = 20 \text{ cm}$$

From triangle OQB we get,

$$OB^2 = OQ^2 + QB^2$$

$$= 15^2 + 20^2$$

$$= 625$$

$$OB = 25 \text{ cm}$$

OB=OD=25 cm (radius of circle)

From triangle OPD we get,

$$PD^2 = OD^2 - OP^2$$

$$= 25^2 - 20^2$$

$$= 225$$

$$PD = 15 \text{ cm}$$

$$CD = 2 \times 15 = 30 \text{ cm}$$

Q56 Text Solution:

$$3126 \div 4 \text{ of } 521 + 5 \times 3$$

$$= 3126 \div 2084 + 15$$

$$= 1.5 + 15 = 16.5$$

Q57 Text Solution:

A trader buys two articles for Rs. 3000 each article. While selling, he earns a profit of 10 percent on one and loses 20 percent on the other.

Total cost price of two articles = ₹6000

Total selling price of two articles = 110% of 3000

$$+ 80\% \text{ of } 3000$$

$$= 3300 + 2400$$

$$= 5700$$

$$\text{Loss} = 6000 - 5700$$

$$= 300$$

$$\text{Loss}\% = \frac{300}{6000} \times 100$$

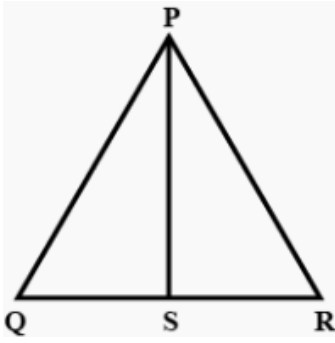

$$= 5\%$$

Q58 Text Solution:

Android App

iOS App

PW Website

Since triangle PQR is an isosceles triangle. PS is angle bisector as well as perpendicular on QR.

$$\therefore \angle PSQ = 90^\circ$$

So, correct option is D.

Q59 Text Solution:

The total number of sharpener sold by A =
 $200 + 190 + 170 + 165 + 155$
 $= 880$

The total number of sharpener sold by B =
 $155 + 160 + 210 + 180 + 175$
 $= 880$

$$\frac{P_1}{P_2} = \frac{880}{880} = 1$$

So, correct option is A.

Q60 Text Solution:

Radius of sphere = 3.5 cm

Surface area of sphere = $4\pi r^2$

$$= 4 \times \frac{22}{7} \times 3.5 \times 3.5$$

$$= 154 \text{ cm}^2$$

Q61 Text Solution:

Student A got 25 marks more than the student B and the marks of A were equal to the 60 percent of the sum of their marks.

As per the question,

$$A = B + 25$$

$$A = 60\% \text{ of } (A+B)$$

$$B+25 = 0.6(B+25+B)$$

$$B + 25 = 1.2B + 15$$

$$0.2B = 10$$

$$B = 50$$

$$A = 50 + 25 = 75$$

Marks of A and B = 75 and 50

Q62 Text Solution:

$$x^2 + \frac{1}{x^2} = 4$$

Squaring both sides

$$x^4 + \frac{1}{x^4} + 2 = 16$$

$$x^4 + \frac{1}{x^4} = 16 - 2$$

$$x^4 + \frac{1}{x^4} = 14$$

Q63 Text Solution:

Let the side of equilateral triangle be a cm.

In radius of equilateral triangle = $\frac{a}{2\sqrt{3}}$

$$\frac{a}{2\sqrt{3}} = 5\sqrt{3}$$

$$a = 30 \text{ cm}$$

So, correct option is C.

Q64 Text Solution:

Let the efficiency of a man and a boy are x and y respectively.

Then according to question-

$$(12x + 16y) \times 5 = (13x + 24y) \times 4$$

$$\Rightarrow 60x + 80y = 52x + 96y$$

$$\Rightarrow 8x = 16y$$

$$\Rightarrow \frac{x}{y} = \frac{2}{1}$$

So, 29 men and 22 boy can complete the work in

$$= \frac{(12 \times 2 + 16 \times 1) \times 5}{29 \times 2 + 22 \times 1}$$

$$= \frac{40 \times 5}{80} = \frac{5}{2} = 2.5 \text{ days}$$

Hence, the correct option is A.

Q65 Text Solution:

$$\sqrt{2} \sec^2 \theta - 4 \sec \theta + 2\sqrt{2} = 0$$

$$\text{put } \theta = 45^\circ$$

$$2\sqrt{2} - 4\sqrt{2} + 2\sqrt{2} = 0$$

$$0 = 0$$

$$\sin^2 \theta + \tan^2 \theta$$

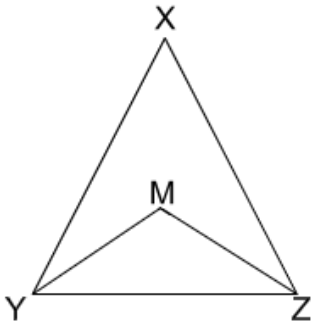

$$= \sin^2 45^\circ + \tan^2 45^\circ$$

$$= \left(\frac{1}{\sqrt{2}}\right)^2 + 1$$

$$= \frac{3}{2}$$

Q66 Text Solution:

Since, M is incentre.

$$\angle YMZ = 90^\circ + \frac{1}{2}\angle YXZ$$

$$\angle YMZ + \angle YXZ = 150^\circ$$

$$\angle YMZ = 150^\circ - \angle YXZ$$

$$150^\circ - \angle YXZ = 90^\circ + \frac{1}{2}\angle YXZ$$

$$\frac{3}{2}\angle YXZ = 60^\circ$$

$$\angle YXZ = 40^\circ$$

Q67 Text Solution:

If the average of the two numbers given in the middle is 13.5.

Middle numbers = x, x+1

As per the question,

$$x + x + 1 = 13.5 \times 2$$

$$2x = 27 - 1$$

$$x = 13$$

Therefore, 10 consecutive numbers are 9, 10, 11, 12, 13, 14, 15, 16, 17, 18.

$$\text{Sum of first 6 numbers} = 9 + 10 + 11 + 12 + 13 + 14 = 69$$

Q68 Text Solution:

$$a + b + c = 6 \text{ and } a^2 + b^2 + c^2 = 40$$

$$a + b + c = 6$$

Squaring both sides,

$$a^2 + b^2 + c^2 + 2ab + 2bc + 2ca = 36$$

$$40 + 2(ab + bc + ca) = 36$$

$$(ab + bc + ca) = -2$$

$$a^3 + b^3 + c^3 - 3abc = (a + b + c)\{a^2 + b^2 + c^2 - (ab + bc + ca)\}$$

$$= 6(40 + 2)$$

$$= 252$$

Q69 Text Solution:

Principal = ₹1000

Amount = ₹1060.90

Time = 2 years

$$A = P\left(1 + \frac{R}{100}\right)^n$$

$$1060.90 = 1000\left(1 + \frac{R}{100}\right)^2$$

$$\frac{1060.90}{1000} = \left(1 + \frac{R}{100}\right)^2$$

$$\frac{10609}{10000} = \left(1 + \frac{R}{100}\right)^2$$

$$\frac{103}{100} = 1 + \frac{R}{100}$$

$$\frac{3}{100} = \frac{R}{100}$$

$$R = 3\%$$

Q70 Text Solution:

$$\operatorname{cosec} B = \frac{3}{2} = \frac{H}{P}$$

Applying pythagorus property,

$$H^2 = P^2 + B^2$$

$$3^2 = 2^2 + B^2$$

$$B^2 = 9 - 4$$

$$B = \sqrt{5}$$

$$\cot B \cdot \sin B = \frac{B}{P} \times \frac{P}{H} = \frac{\sqrt{5}}{3}$$

Q71 Text Solution:

The total foreign trade by country A in all the 5 years = 170 + 150 + 75 + 65 + 35

$$= 495$$

The total foreign trade by country B in all the 5 years = 45 + 105 + 195 + 175 + 90

$$= 610$$

$$J_2 - J_1 = 610 - 495$$

$$= 115$$

Q72 Text Solution:

$$\frac{3 \cos 62^\circ}{\sin 28^\circ} - \frac{2 \tan 34^\circ}{\cot 56^\circ}$$

$$= \frac{3 \cos 62^\circ}{\sin(90-62)} - \frac{2 \tan 34^\circ}{\cot(90-34)}$$

$$= \frac{3 \cos 62^\circ}{\cos 62^\circ} - \frac{2 \tan 34^\circ}{\tan 34^\circ}$$

$$= 3 - 2 = 1$$

Q73 Text Solution:

If the sum of three consecutive composite numbers is 36.

Let the three consecutive composite numbers be x, (x+2), (x+4).

As per the question,

$$x + x + 2 + x + 4 = 36$$

$$3x = 36 - 6$$

$$x = 10$$

Therefore, numbers are 10, 12, 14.

$$\begin{aligned}\text{Their product} &= 10 \times 12 \times 14 \\ &= 1680\end{aligned}$$

Q74 Text Solution:

A, B and C together can finish a piece of work in 20 days.

A alone can finish the work in 40 days.

$$\text{Lcm of 20 and 40} = 40$$

Let the total work be 40 units.

Total work = efficiency $\times$ time taken

$$\text{Efficiency of A} = \frac{40}{40} = 1 \text{ unit/day}$$

$$\text{Efficiency of A, B and C} = \frac{40}{20} = 2 \text{ units/day}$$

$$\text{Efficiency of B and C} = 2 - 1 = 1 \text{ unit/day}$$

$$\text{Part of the work B and C together can finish in a day} = \frac{1}{40}$$

So, correct option is D.

Q75 Text Solution:

Let x be a constant.

As per the question,

$$\frac{4x - 6000}{5x - 12000} = \frac{5}{4}$$

$$16x - 24,000 = 25x - 60,000$$

$$9x = 36,000$$

$$x = 4000$$

$$\text{Income of A} = 4x = ₹16,000$$

Q76 Text Solution:

- The Central Bureau of Investigation (CBI) is a central government agency of India that serves as the premier investigative agency of the country.
- The agency was established in 1963 by the government of India.
- The Seventh Schedule of the Indian Constitution is a list that divides legislative powers between the central government and the state governments.
- It contains three lists: the Union List, the State List, and the Concurrent List.
- The Union List includes subjects on which the central government has exclusive power to

legislate, such as defense, foreign affairs, currency, and banking.

- The State List includes subjects on which the state governments have exclusive power to legislate, such as public order, police, agriculture, education, and local government.
- The Concurrent List includes subjects on which both the central and state governments can legislate, such as marriage and divorce, forests, and electricity.

Hence, the correct answer is "Union list".

Q77 Text Solution:

- The production function can be expressed as: $Q = f(L, C)$, where Q is the maximum output that can be produced with the given inputs of labour (L) and capital (C).
- The function f represents the relationship between the inputs and the maximum output that can be produced, which can be a linear or nonlinear function.
- The production function is an important concept in economics as it helps in understanding the relationship between inputs and outputs in the production process.
- It is used to analyze the productivity of firms and industries, and to determine the optimal combination of inputs to achieve maximum output.

Hence, the correct answer is " $Q = f(L, C)$ ".

Q78 Text Solution:

- Alireza Firouzja, an Iranian-French chess grandmaster, defeated Ian Nepomniachtchi in the play-offs to win the ninth edition of the Sinquefeld Cup.
- The Sinquefeld Cup, which was the fifth leg of the Grand Chess Tour 2022, took place from September 1 to September 13, 2022 before the start of the fourth round, Magnus Carlsen withdrew from the tournament.

- The Sinquefield Cup is an annual, invite chess tournament in St. Louis, Missouri, United States.
- The Sinquefield Cup, which is named after Rex Sinquefield and his wife Jeanne, who are the founders of the Saint Louis Chess Club, held annually since 2015.

Hence, the correct answer is "Alireza Firouzja".

Q79 Text Solution:

- Convex mirror is a spherical mirror in which the reflective surface bulges outwards, away from the observer.
- Convex mirrors are commonly used in applications where a wide field of view is desired, such as in rear-view mirrors in vehicles and in stores for surveillance purposes.
- Convex mirrors are also used in reflecting telescopes, as they allow for a wider field of view than concave mirrors.
- Convex mirrors always produce virtual images, which are smaller than the object being reflected.

Hence, the correct answer is "virtual and erect".

Q80 Text Solution:

- India is the seventh-largest country in the world. The total land area of India is approximately 3.29 million square kilometers (1.27 million square miles), which includes the mainland as well as several islands.
- India's size puts it behind Russia, Canada, China, the United States, Brazil, and Australia in terms of land area.
- India's vast land area is home to diverse landscapes, ranging from the Himalayan mountain range in the north to the Thar desert in the west and the tropical forests of the south.
- The country is also surrounded by the Indian Ocean, the Bay of Bengal, and the Arabian Sea.

Hence, the correct answer is "7th".

Q81 Text Solution:

- Karnataka Maharshi Valmiki Scheduled Tribes Development Corporation Limited is a State Govt company, incorporated on 26 Jul, 2006.
- Karnataka Maharshi Valmiki Schedule Tribes Development Corporation Limited belongs to the Department of Social Welfare of Schedule Tribes, Government of Karnataka.
- This corporation is helping for improving the Economic Conditions of Schedule Tribe people through Subsidy and Loan under Self Employment Schemes and Providing skill-oriented training in heritage activities through Subsidies and Loan and Providing irrigation facilities to the lands for Small and Marginal Farmers having Dry Land.
- Company is registered in Bangalore (Karnataka) Registrar Office.

Hence, the correct answer is "Karnataka".

Q82 Text Solution:

- MS-Word 365 is a word processing software developed by Microsoft as part of the Microsoft 365 suite.
- It can be used on various devices such as desktop computers, laptops, tablets, and smartphones.
- Shortcut keys are key combinations that allow users to perform a specific task or function quickly and easily, without having to navigate through menus or click on various options.
- Some commonly used shortcut keys in MS-Word 365 are:

1. Ctrl + C: Copy selected text or object
2. Ctrl + X: Cut selected text or object
3. Ctrl + V: Paste copied or cut text or object
4. Ctrl + A: Select all content in the document
5. Ctrl + B: Bold selected text

Hence, the correct answer is "Ctrl + C".

Q83 Text Solution:

- Full-duplex mode is a communication mode that enables simultaneous two-way data transmission between two devices, allowing for a faster and more efficient transfer of information.
- Full-duplex mode is used in various communication systems, including telephone systems, computer networks, and wireless communication systems.
- Simplex mode is a mode of data transmission in which data can be transmitted only in one direction. An example of simplex data transmission is broadcasting over the radio or television.
- Quarter-duplex mode of data transmission is a type of communication channel in which the data can be transmitted in both directions, but only one direction at a time. A modem is a device that converts digital data into analog signals and vice versa. Modems are often used to connect computers to the internet. When a modem is in quarter-duplex mode.
- Half-duplex is a mode of data transmission in which data can be transmitted in both directions, but not at the same time. An example of half-duplex communication is a walkie-talkie or a two-way radio system.

Hence, the correct answer is "Full-duplex".

Q84 Text Solution:

- The Calico Act was a British law passed in 1720 to protect the British textile industry from competition with printed cotton fabrics imported from India.
- The Act prohibited the import and sale of cotton cloth that was printed, painted, or stained with any colors, patterns, or figures, and aimed to promote the domestic production of textiles.
- The law was fiercely opposed by the East India Company, which had a large stake in the Indian textile trade, and by consumers who preferred the cheaper and more

comfortable cotton cloth. Despite the protests, the Act was enforced for several decades, until it was finally repealed in 1774. Hence, the correct answer is "1720".

Q85 Text Solution:

- Bhangra is a traditional folk dance form originating from the Punjab.
- It is usually performed during the harvest season and other important festivals such as Vaisakhi.

• There are total eight classical dances:

Name of Classical Dance	Place of Classical Dance
Bharatanatyam	Tamil Nadu
Kathak	Northern India
Kathakali	Kerala
Kuchipudi	Andhra Pradesh
Manipuri	Manipur
Mohiniyattam	Kerala
Odissi	Odisha
Sattriya	Assam

Hence, the correct answer is "Bhangra".

Q86 Text Solution:

- The Netherlands were crowned FIH Junior Women's Hockey World Cup champions after beating Germany 3-1 in the final.
- The FIH Junior Women's Hockey World Cup is an international field hockey tournament for women's national under-21 teams.
- It is organized by the International Hockey Federation (FIH) and held every two years.
- The first edition of the tournament was held in 1989 in Ipoh, Malaysia.
- The International Hockey Federation (FIH) is the global governing body for the sport of field hockey. It was founded in 1924 and has its headquarters in Lausanne, Switzerland.

Hence, the correct answer is "Netherlands".

Q87 Text Solution:

- Alla Rakha was a renowned tabla player who belonged to the Punjab gharana of

tabla playing.

- Rakha was known for his virtuosity and innovation within the gharana's traditional style, and he was instrumental in popularizing the tabla and Indian classical music in the West through his collaborations with musicians like Ravi Shankar and George Harrison.
- Other famous tabla players who belong to the Punjab Gharana include Ustad Tari Khan, Ustad Sabir Khan, Ustad Zakir Hussain, and Ustad Fazal Qureshi.

Hence, the correct answer is "Alla Rakha".

Q88 Text Solution:

- Ohm's law is named after the German physicist Georg Simon Ohm, who first formulated it in 1827.
- Pascal's law is a principle in fluid mechanics that states that pressure applied to a fluid in a closed container is transmitted equally in all directions throughout the fluid. The principle was discovered by the French mathematician and physicist Blaise Pascal in the 17th century.
- Charles's Law is a gas law that describes the relationship between the volume and temperature of a gas, at a constant pressure. It states that the volume of a fixed amount of gas is directly proportional to its absolute temperature (in Kelvin) at a constant pressure.
- Boyle's law states that at a constant temperature, the pressure exerted by a gas is inversely proportional to the volume occupied by it.

Hence, the correct answer is "Ohm's".

Q89 Text Solution:

- Andy Marino is a British author and biographer who is known for his works on Indian politics and culture. He was born on May 4, 1955, in London, United Kingdom.

- Andy Marino has previously written two other biographies: A Quiet American, about Varian Fry, and Herschel: The Boy Who Started World War Two about Herschel Grynszpan.
- Poonam Surie is an Indian author and has written several books including Beyond Harvard, Indian Women in Leadership, Connecting the Dots.
- Daman Singh is an Indian author and daughter of former Prime Minister of India, Manmohan Singh. She has written two books: Nine by Nine, Strictly Personal.

Hence, the correct answer is "Andy Marino".

Q90 Text Solution:

- Pakistan batter Mohammad Rizwan has been selected the ICC Men's Player of the Month for September 2022 after stellar performances.
- Rizwan beat competition from ace Indian spinner Axar Patel and emerging Australian all-rounder Cameron Green.
- The International Cricket Council (ICC) Men's Player of the Month is an award given by the International Cricket Council to recognize the best male international cricketer in the world for a particular month.
- The award was introduced in January 2021 and is presented based on the performances of the cricketers in all formats of international cricket.
- The International Cricket Council (ICC) is the global governing body for cricket. It was founded in 1909 and has its headquarters in Dubai, United Arab Emirates.

Hence, the correct answer is "Mohammad Rizwan".

Q91 Text Solution:

- During British colonial rule in India, there were various attempts to convert Indians to

Christianity.

- One such attempt was the passage of the Religious Disabilities Act of 1850, which aimed to make conversion to Christianity easier by removing legal obstacles that prevented people from converting.
- The act repealed a number of earlier laws that had restricted the rights of people who had converted to Christianity, including laws that had prevented them from inheriting property and holding public office.
- The act was controversial at the time, with some Indians opposing it on the grounds that it was an attempt to force them to abandon their own religions and adopt Christianity.

Hence, the correct answer is "1850".

Q92 Text Solution:

- Kadana Dam is a major gravity dam located on the Mahi River in Gujarat, India.
- The dam's design and construction were carried out by the Gujarat State Electricity Corporation and were completed over a period of 13 years, from 1987 to 2000.
- The Mahi River is a river in western India that originates in the Vindhya Range in Madhya Pradesh and flows through the states of Rajasthan and Gujarat before emptying into the Arabian Sea.

Hence, the correct answer is "Mahi".

Q93 Text Solution:

- On February 8, 2022, the nominations for the 94th Academy Awards were announced by Tracee Ellis Ross and Leslie Jordan. The awards ceremony will be recognizing films that were released between January 1 and December 31, 2021.
- The Academy presented awards in 23 categories, with the winners determined by votes from its members.
- Best Actor in a Leading Role: Will Smith, "King Richard"

- Best Actress in a Leading Role: Jessica Chastain (The Eyes of Tammy Faye)
- Best Picture: CODA
- Best International Feature Film: Drive My Car
- Documentary Short Subject: The Queen of Basketball
- Best Directing: Jane Campion (The Power of the Dog)

Hence, the correct answer is "Will Smith".

Q94 Text Solution:

- State Public Service Commission (SPSC) is a government body established by the Constitution of India under Article 315, with the responsibility of conducting recruitment exams and selection procedures for various state-level civil services in India.
- The Seventh Schedule of the Indian Constitution is a list that divides legislative powers between the central government and the state governments.
- It contains three lists: the Union List, the State List, and the Concurrent List.
- The Union List includes subjects on which the central government has exclusive power to legislate, such as defense, foreign affairs, currency, and banking.
- The State List includes subjects on which the state governments have exclusive power to legislate, such as public order, police, agriculture, education, and local government.
- The Concurrent List includes subjects on which both the central and state governments can legislate, such as marriage and divorce, forests, and electricity.

Hence, the correct answer is "State list".

Q95 Text Solution:

- Supporting Andhra's Learning Transformation (SALT) is a visionary project undertaken by the Government of Andhra Pradesh with support from the World Bank,

which aims to transform the state's school education system by strengthening the quality of foundational learning through various pathways including improving teacher professional development, classroom-based assessments and early childhood education.

- The World Bank has funded the SALT Project in the school education sector, marking the first time it has done so without any precondition.
- The World Bank is an international financial institution that provides loans, grants, and technical assistance to developing countries.
- It was established in 1944 and is headquartered in Washington, D.C.

Hence, the correct answer is "250".

Q96 Text Solution:

- When metals react with acids, they usually produce metal salts and hydrogen gas. The general chemical equation for this reaction is: $\text{metal} + \text{acid} \rightarrow \text{metal salt} + \text{hydrogen gas}$
- Non-metals can react with oxygen to form various oxides, which may be acidic, basic or amphoteric in nature depending on the specific non-metal and its oxidation state.
- On burning, some metals react with oxygen to produce metal oxides that are basic in nature, while others may produce metal oxides that are amphoteric.
- More reactive metals can displace less reactive metals from their compounds in aqueous solutions,

Hence, the correct answer is "Metals react with acids and produce metal salts and hydrogen gas.".

Q97 Text Solution:

- International Solar Alliance's Fifth Assembly was hosted by India in New Delhi on October 17-20, 2022. Union Minister for Power and New and Renewable Energy RK

Singh unveiled the curtain raiser to the Fifth Assembly of ISA.

- The International Solar Alliance (ISA) is an intergovernmental organization that was established in 2015 with the primary objective of promoting the use of solar energy to reduce reliance on fossil fuels and combat climate change.
- The ISA was launched by Indian Prime Minister Narendra Modi and French President Francois Hollande during the United Nations Climate Change Conference in Paris in 2015.
- The ISA is headquartered in Gurugram, India. The organization aims to mobilize more than \$1 trillion in investments by 2030 to fund solar projects in member countries.

Hence, the correct answer is "New Delhi".

Q98 Text Solution:

- Granite is a type of intrusive igneous rock that is composed primarily of feldspar, quartz, and mica.
- Intrusive igneous rocks are formed when magma cools and solidifies slowly within the Earth's crust.
- Extrusive igneous rocks, also known as volcanic rocks, are formed from lava that cools and solidifies on the Earth's surface or within shallow depths of the crust.
- Sedimentary rocks are formed from sediments that have been deposited by wind, water, or ice, and then compacted and cemented together over time.
- Metamorphic rocks are rocks that have undergone changes in texture, mineralogy, or chemical composition due to exposure to high pressure, high temperature, or chemical reactions.

Hence, the correct answer is "Intrusive igneous rocks".

Q99 Text Solution:

- An asset reconstruction company (ARC) is a specialized financial institution that buys the non-performing assets (NPAs) of banks and other financial institutions at a mutually agreed value.
- The ARCs then manage and resolve the distressed assets with the objective of maximizing their value and recovering the dues owed to the lenders.
- The establishment and regulation of ARCs in India is governed by the Securitization and Reconstruction of Financial Assets and Enforcement of Securities Interest (SARFAESI) Act of 2002.
- The Reserve Bank of India (RBI) is the central bank of India, which was established in 1935 under the Reserve Bank of India Act.

Hence, the correct answer is "300".

Q100 Text Solution:

- Kharif crops are crops that are sown during the monsoon or rainy season.
- In India, the Kharif season starts with the onset of the monsoon in June–July and ends in September – October.
- Some examples of Kharif crops include paddy, maize, jowar, bajra, cotton, groundnut, and soybean. These crops require a lot of water and are typically grown in areas with good rainfall or with access to irrigation facilities.
- They require adequate rainfall and warm temperature for their growth and development. Kharif crops are an important source of food and income for millions of farmers in India.

Hence, the correct answer is "September – October".
