(17th Mar 2023 3rd Shift)

SSC MAHAPACK
1-YEAR SUBSCRIPTION

SAB YAHIN MILEGA

LIMITED TIME OFFER

~~₹ 4,999/-~~ **₹ 2,299/-**

PREPARATION FOR ALL SSC EXAMS - CGL, CHSL, CPO, MTS, GD, STENO, DELHI POLICE, AND RAILWAY EXAMS

SSC CHSL 2024
COMPLETE FOUNDATION BATCH
WITH TEST SERIES

~~₹ 2,999 /-~~ **₹ 1,249 /-**

PRAKHAR BATCH

COMPLETE BATCH (TIER 1+TIER 2) FOR SSC CHSL 2024

SSC GD FOUNDATION BATCH
2023-24

~~₹ 1,249 /-~~ **₹ 499 /-**

VISHWAS 4.0 (विश्वास 4.0) BATCH

COMPLETE BATCH WITH TEST SERIES

- Q1** Find the part of the given sentence that has an error in it. If there is no error, choose 'No error'.
Our hands have been crucial tools for finding and eat food, and helping us navigate the world.
(A) tools for finding and eat food,
(B) Our hands have been crucial
(C) No error
(D) and helping us navigate the world.
- Q2** Improve the underlined part of the sentence. Choose 'No improvement' as an answer if the sentence is grammatically correct.
I can hear the band which is playing patriotic tunes, in the playground.
(A) No improvement
(B) patriot tunes
(C) patriotic tuning
(D) patriotically tuned
- Q3** Select the correct passive form of the given sentence.
The manager lost the letter.
(A) The letter was loss by the manager.
(B) The letter was loose by the manager.
(C) The letter was lost by the manager.
(D) The letter was lose by the manager.
- Q4** Given below are four jumbled sentences. Pick the option that gives their correct order.
P. The earliest years of a child's life are critical.
Q. This is why an establishment has been created for the protection of children in these crucial years, known as ECCE.
R. It is during the early years that children develop the cognitive, physical, social and emotional skills that they need to succeed in life.
S. These years determine a child's survival and thriving in life, and lay the foundations for her/his learning and holistic development.
(A) RSPQ (B) PSRQ
(C) PSQR (D) QPSR

- Q5** Identify the segment in the sentence which contains a grammatical error. If there is no error, then select the option "No error".
A witness had seen a youth, / perhaps aged young as/ ten or eleven, acting suspiciously.
(A) No error
(B) A witness had seen a youth,
(C) perhaps aged young as
(D) ten or eleven, acting suspiciously.
- Q6** Improve the underlined part of the sentence. Choose 'No improvement' as an answer if the sentence is grammatically correct.
I won't bore you with the details, but I finally finish my taxes.
(A) No improvement
(B) finally finished
(C) final finishing
(D) finally finishing
- Q7** Choose the word that is opposite in meaning to the given word.
Inchoate
(A) Artless (B) Refined
(C) Articulate (D) Formless
- Q8** Select the most appropriate one-word substitution for the given group of words.
The violation or profanation of anything sacred or held sacred
(A) Pious (B) Sacramental
(C) Holy (D) Sacrilege
- Q9** Select the option that will improve the (bracketed) part of the sentence. In case of no improvement select the option 'No improvement'.
Check all radiators for (meagre leaks, special) round pipework connections.
(A) small leaks, especially
(B) No improvement
(C) modest leaks, specially
(D) cramped leaks, specially

- Q10** Fill in the blank with an appropriate option.
David always kept his _____ open for anything that might put them at risk.
(A) black eye (B) starry eyes
(C) eagle eyes (D) sheep eyes
- Q11** Select the word that is closest in meaning (SYNONYM) to the word given below.
Attune
(A) Assimilate (B) Skew
(C) Estrange (D) Disrupt
- Q12** Select the wrongly spelt word
(A) Innocuous (B) Ingenous
(C) Inimical (D) Invulnerable
- Q13** Select the most appropriate antonym of the given word.
BABBLE
(A) DRIVEL (B) SENSE
(C) JARGON (D) GIBBERISH
- Q14** Rearrange the parts of the sentence in correct order.
It could be
P. became a byword for superhuman intellectual ability
Q. argued that 1919 was the year when Einstein's name
R. making possible the small industry of
S. Einstein-themed merchandise that still exists today
(A) QPRS (B) PSQR
(C) RSPQ (D) PQRS
- Q15** Select the most appropriate meaning of the given idiom.
All bark and no bite
(A) Someone who sticks to his words
(B) Actions are stronger than mere words
(C) Not being able to understand anything
(D) Full of talk, but low on action
- Q16** Choose the word that is opposite in meaning to the given word.
Leisure

- (A) Retire (B) Worship
(C) Work (D) Play

- Q17** In the following question, out of the given four alternatives, select the alternative that best expresses the meaning of the Idiom/Phrase.
Appeal to Caesar
(A) An authority given to a foolish person
(B) To expect good from a wrong person
(C) To live in a false reality
(D) Appeal to the highest possible authority
- Q18** Select the most appropriate one-word substitution for the given group of words.
One who is a centre of attraction
(A) Exposure (B) Cynosure
(C) Commisure (D) Censure
- Q19** Choose the option that is the correct indirect form of the sentence.
Rahul asked me, "Are we going to New York next year?"
(A) Rahul asked that are we going to New York next year.
(B) Rahul asked me that were we going to New York next year.
(C) Rahul asked me that would we go to New York next year?
(D) Rahul asked me if we were going to New York next year.
- Q20** Select the wrongly spelt word
(A) gauche (B) fallacious
(C) erudite (D) harange

Directions (21-25) Read the following passage and answer the given questions.

In the following passage, some words have been deleted. Fill in the blanks with the help of the alternatives given. Select the most appropriate option for each blank.

Data 1. _____ the Pioneer spacecraft of NASA apparently prove the theory that the high surface temperature of Venus is 2 . _____ to an atmospheric greenhouse effect caused mainly by a blanket of carbon

dioxide. Such a greenhouse 3 ._____ is created when energy in the form of sunlight easily passes through a planet's atmosphere, warms its 4 ._____ and is converted to heat radiation that is then held in by the atmosphere from top to bottom. Venus has a relatively thin atmosphere like the Earth's, but Venus' atmosphere consists of more than ninety percent carbon dioxide, compared to less than four percent in that of the 5 ._____

Q21 Select the most appropriate option to fill in the blank No.1.

- (A) on (B) across
(C) from (D) through

Q22 Select the most appropriate option to fill in the blank No. 2.

- (A) due (B) understood
(C) because (D) cause

Q23 Select the most appropriate option to fill in the blank No.3.

- (A) affect (B) displacement
(C) contour (D) effect

Q24 Select the most appropriate option to fill in the blank No.4.

- (A) surface (B) walls
(C) atmosphere (D) core

Q25 Select the most appropriate option to fill in the blank No.5.

- (A) Pluto (B) Mars
(C) Earth (D) Mercury

Q26 Select the option in which the numbers share the same relationship in set as that shared by the numbers in the given sets. (NOTE: Operations should be performed on the whole numbers, without breaking down the numbers into its constituent digits. E.g.13 - Operations on 13 such as adding /subtracting /multiplying etc. to 13 can be performed. Breaking down 13 into 1 and 3 and then performing mathematical

operations on 1 and 3 is not allowed)

(15, 13, 56)

(17, 11, 168)

(A) (15,11,114)

(B) (23, 21, 78)

(C) (20, 14, 204)

(D) (22, 16, 238)

Q27 If $132 F624 = 657$ and $84 F321 = 504$, then $168 F27 = ?$

- (A) 591 (B) 203
(C) 195 (D) 793

Q28 In the following question, select the related letters from the given alternatives. OQ: PT :: WZ : ?

- (A) ZW (B) ID
(C) XC (D) WC

Q29 In a certain code language, 'RATHER' is coded as 'TGJUBS'. What is the code for 'SAFETY' in that code language?

- (A) AVGHBT (B) AVGBGT
(C) AVHGBT (D) AVGGBT

Q30 By Interchanging the given two numbers (Not digits) which of the following equation will be correct?

5 and 9

I. $7 \times 9 + 5 - 8 \div 4 = 42$

II. $9 \times 3 + 5 \div 1 - 4 = 20$

- (A) Both I and II
(B) Neither I nor II
(C) Only II
(D) Only I

Q31 In the following question, four number pairs are given. In each pair the number on left side of (—) is related to the number of the right side of (—) with some Logic/Rule /Relation. Three pairs are similar on basis of same Logic/Rule/Relation. Select the odd one out from the given alternatives. (NOTE: Operations should be performed on the whole numbers, without breaking down the numbers into its constituent digits. E.g.13- Operations on 13

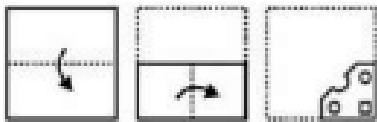

such as adding /subtracting /multiplying etc. to 13 can be performed. Breaking down 13 into 1 and 3 and then performing mathematical operations on 1 and 3 is not allowed)

- (A) 2278 – 6834
- (B) 3072 – 9216
- (C) 1008 – 3024
- (D) 3744 – 11322

Q32 In the following question, select the odd word pair from the given alternatives.

- (A) Court – Tennis
- (B) Gymnasium – Exercise
- (C) Wrestling – Arena
- (D) Pitch – Cricket

Q33 A piece of paper is folded and punched as shown below in the question figures. From the given answer figures, indicate how it will appear when opened?

- (A)
- (B)
- (C)
- (D)

Q34 In the following question some statements are given, followed by some conclusions based on those statements. Taking the given statements to be true even if they seem to be at variance from commonly known facts. Read all the

conclusions and then decide which of the given conclusion logically follows the given statements.

Statements:

- I. All **S** are **R**.
- II. No **R** is **T**.

Conclusions:

- I. No **T** is **R**.
- II. No **S** is **T**.
- III. No **R** is **S**.

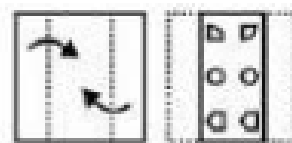

- (A) All conclusion follows
- (B) Both conclusions I and II follows
- (C) Both conclusions II and III follows
- (D) Both conclusions I and III follows

Q35 Select the option figure in which the given figure is embedded. (rotation is NOT allowed)

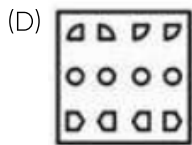

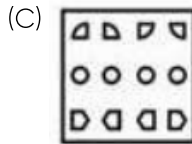

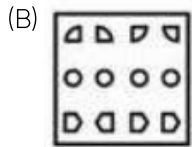

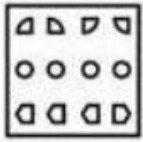

- (A)
- (B)
- (C)
- (D)

Q36 A piece of paper is folded and punched as shown below in the question figures. From the given answer figures, indicate how it will appear when opened?

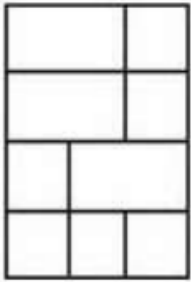

(A)

Q37 How many quadrilaterals are there in the given figure?

- (A) 25 (B) 24
(C) 23 (D) 22

Q38 Select the option in which the numbers shares the same relationship in set as that shared by the numbers in the given set. (NOTE: Operations should be performed on the whole numbers, without breaking down the numbers into its constituent digits. E.g.13 – Operations on 13 such as adding /subtracting /multiplying etc. to 13 can be performed. Breaking down 13 into 1 and 3 and then performing mathematical operations on 1 and 3 is not allowed)

(6,36,108)

(7,49,147)

- (A) (8,64,96) (B) (8,32,64)
(C) (4,16,48) (D) (4,16,64)

Q39

Words given on the left side of (::) are related with each other by some Logic/Rule/Relation. Select the missing word/word pair on the right side of (::) from the given alternatives based on the same Logic/Rule/Relation

Arena : Wrestling :: ?

- (A) Pitch : Exercise
(B) Athletics : Stadium
(C) Tennis : Court
(D) Rink: Skating

Q40 In the following question, select the missing number from the given series.

729, 512, 343, 216, ?

- (A) 36 (B) 125
(C) 25 (D) 64

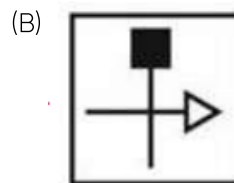

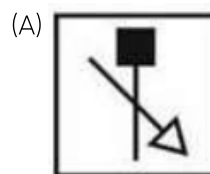

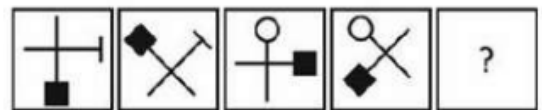

Q41 In the following question, select the odd letter/letters from the given alternatives.

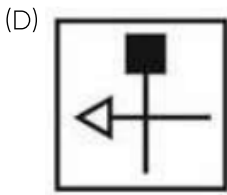

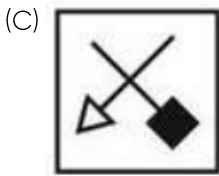

- (A) IHEW (B) ONKP
(C) EDAZ (D) YXUF

Q42 In a certain code language, 'TALE' is coded as '7234', 'TOLK' is coded as '9172', 'KITE' is coded as '1283', 'SEAN' is coded as '3064'. What is the code for 'SON' in that code language?

- (A) 906 (B) 916
(C) 896 (D) 914

Q43 Select the figure from the given options that can replace the question mark (?) in the following series.

Q44 Select the option that is related to the third number in the same way as the first number is related to the second number and the fifth number is related to the sixth number.

391: 626:: 426: ?:: 173: 408

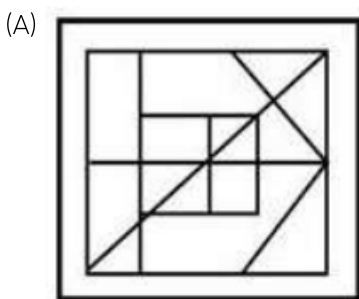

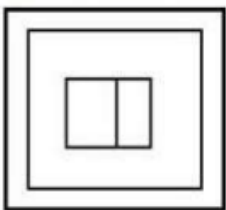

- (A) 711 (B) 661
(C) 701 (D) 681

Q45 Select the combination of letters that when sequentially placed in the blanks of the given series will complete the series.

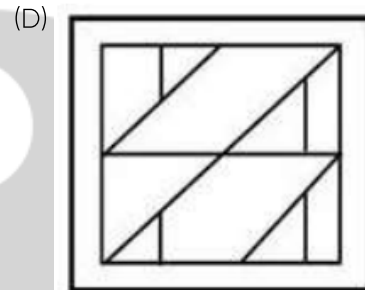

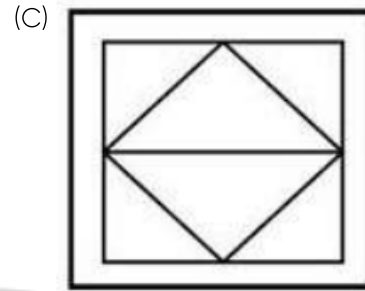

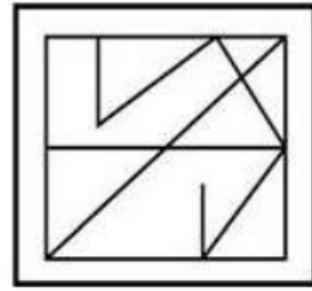

p _ nj _ c _ r _ jlcp _ njl _ pr _ _ lc

- (A) rlpnrcnj (B) rppnrcnj
(C) rllnrcnj (D) rlpnrcnj

Q46 Select the option figure in which the given figure is embedded. (rotation is NOT allowed)

(B)

Q47 Pointing towards a man, Parkhi said, "He is the brother of my son's mother". How that man is related to Parkhi's husband?

- (A) Son (B) Maternal Uncle
(C) Nephew (D) Brother in law

Q48 After arranging the given words according to dictionary order, which word will come at 'Fifth' position?

1. Superstition
2. Superintend
3. Supervene
4. Supervise
5. Superpose

- (A) Superstition (B) Supervene
(C) Supervise (D) Superintend

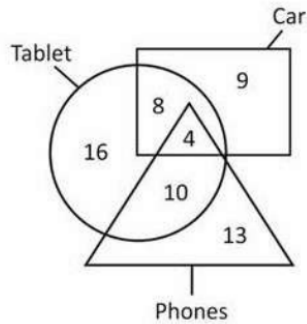

Q49 Select the option that is related to the third word on the same basis as the second word is related to the first word.

Tokyo : Japan :: Paris : ?

- (A) Ireland (B) France
(C) Italy (D) Switzerland

Q50 How many tablet are only car?

- (A) 4 (B) 12
(C) 8 (D) 17

Q51 Rajiv sells a pen at a profit of 5 percent. If he sells the pen for Rs. 36 more, then he earns a profit of 14 percent. What is the cost price of the pen?

- (A) Rs. 600 (B) Rs. 300
(C) Rs. 500 (D) Rs. 400

Q52 What is the value of $\tan 10^\circ \cdot \tan 25^\circ \cdot \tan 45^\circ \cdot \tan 65^\circ \cdot \tan 80^\circ$

- (A) 0 (B) 2
(C) 1 (D) $\sqrt{3}$

Q53 If $x^4 + \frac{1}{x^4} = 16$,

then what is the value of $x^2 + \frac{1}{x^2}$?

- (A) $4\sqrt{2}$ (B) $3\sqrt{2}$
(C) $2\sqrt{2}$ (D) $5\sqrt{2}$

Q54 The table given below shows the cost price and value of profit of 6 articles.

Articles	Cost price	Profit
A	300	50
B	250	25
C	150	100
D	200	150
E	100	75
F	350	125

J1 = The value of average cost price of A, B, C and D.

J2 = The total profit of all articles.

What is the value of (**J1 : J2**) ?

- (A) 9 : 7 (B) 7 : 3
(C) 3 : 11 (D) 3 : 7

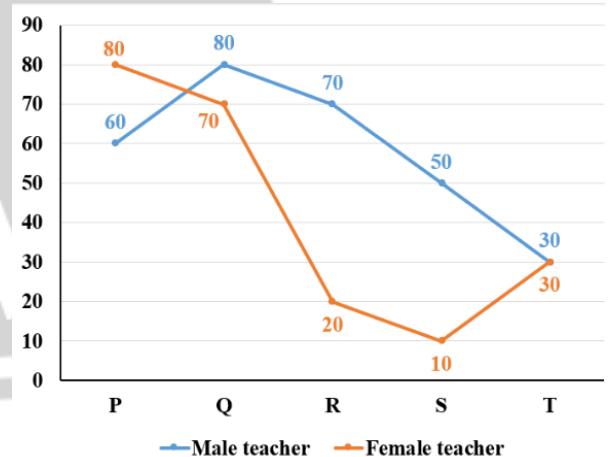

Q55 Piyush marks the price of his article 30 percent more than its cost price, If he sells the article for Rs. 5720 after allowing a discount of 20 percent, then what will be the cost price of the article?

- (A) Rs. 5000 (B) Rs. 5350
(C) Rs. 5200 (D) Rs. 5500

Q56 Parallel sides of a trapezium are 21 cm and 14 cm and its area is 875 cm^2 . What is the distance between parallel sides?

- (A) 45 cm (B) 50 cm
(C) 60 cm (D) 65 cm

Q57 The line chart given below shows the number of male teacher and female teachers in 5 schools.

J1 = Total number of male and female teachers in school P.

J2 = The difference between the total number of male and the total number of female teachers in all the 5 schools.

What is the value of (**J1 : J2**) ?

- (A) 4:7 (B) 9:7
(C) 5:7 (D) 7:4

Q58 What is the value of $\frac{7 \text{ of } 14 \div 4}{5 \times 4 \div 2} + \frac{6 \div 12 \times 3}{5 \div 25 \times 2} + \frac{15 \div 5 \times 6}{5 \times 15 \div 6}$?

- (A) 7.64 (B) 7.44

(C) 7.62

(D) 7.22

Q59 The ratio of the present age of two girls is **3 : 4**. After two year the ratio will be **7 : 9**. Which of the following statement(s) is/are correct?

- I. Ratio of their ages after 10 year is **6 : 7**.
 II. Ratio of their ages after 12 years is **6 : 7**.

(A) Only II
 (B) Neither I nor II
 (C) Both I and II
 (D) Only I

Q60 ABCD is a cyclic quadrilateral in which angle B is opposite to angle D. If $\angle B = x + 10$ degree and $\angle D = 2x + 35$ degree, then what is the value of x ?

(A) 35 degree (B) 40 degree
 (C) 50 degree (D) 45 degree

Q61 P's income is 250 percent of Q's income and P's expenditure is 180 percent of Q's expenditure. If P's income is 400 percent of Q's expenditure, then what is the respective ratio of P's savings and Q's savings?

(A) 8 : 3
 (B) 11 : 3
 (C) 11 : 5
 (D) 5 : 2

Q62 If $\sin \theta = \frac{5}{13}$, then find the value of $\frac{\cos^2 \theta - \sin^2 \theta}{2 \cos \theta \cdot \sin \theta}$?

(A) $\frac{115}{126}$ (B) $\frac{113}{120}$
 (C) $\frac{117}{136}$ (D) $\frac{119}{120}$

Q63 The perimeter of an isosceles triangle is 91 cm. If one of the equal sides measures 28 cm, then what is the value of the other non-equal side?

(A) 56 cm (B) 42 cm
 (C) 14 cm (D) 35 cm

Q64 What is the average of all prime numbers between 30 and 50 ?

(A) 38.5 (B) 39.8
 (C) 34.2 (D) 36.5

Q65 In $\triangle XYZ$, I is the incentre of the $\triangle XYZ$. If $\angle XYZ = 40$ degree, then what is the value of

 $\angle XIZ$?

(A) 115 degree (B) 110 degree
 (C) 120 degree (D) 130 degree

Q66 Sides of a triangle are **9 cm, 6 cm** and **5 cm**. What is the value of circumradius of this triangle?

(A) $\frac{9\sqrt{3}}{4}$ cm (B) $\frac{9\sqrt{3}}{5}$ cm
 (C) $\frac{27\sqrt{2}}{8}$ cm (D) $\frac{9\sqrt{2}}{2}$ cm

Q67 S does half as much work as T in $\frac{1}{8}$ of the time taken by T. If they together complete a work in 60 days, then how many days shall S alone take to complete that work?

(A) 80 days (B) 90 days
 (C) 75 days (D) 100 days

Q68 If $\sin \alpha = \frac{1}{2}$ and $\sin \beta = \frac{1}{2}$, then what is the value of $\cos(\alpha + \beta)$? (0 degree $< \alpha, \beta < 90$ degree)

(A) $\frac{1}{4}$ (B) 1
 (C) $\frac{\sqrt{3}}{2}$ (D) $\frac{1}{2}$

Q69 If $a + b + c = 1$, $ab + bc + ca = -1$ and $abc = -1$, then what is the value of $a^3 + b^3 + c^3$?

(A) 3 (B) 5
 (C) 2 (D) 1

Q70 Initial value of a car is Rs. 20000. The value of car depreciated by 20 percent of its initial value each year. What will be its value after 3 years?

(A) Rs. 10560
 (B) Rs. 11980
 (C) Rs. 9840
 (D) Rs. 10240

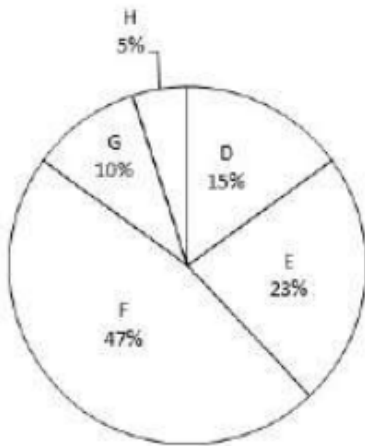

Q71 What is the value of $(a + b)^3 - a^3 - b^3$?

(A) $3ab(a - b)$ (B) $-3ab(a - b)$
 (C) $3ab(a + b)$ (D) $-3ab(a + b)$

Q72 The pie chart given below shows the runs scored by 5 batsmen in a cricket match. The total runs scored by these batsmen are 400. Runs scored by a batsman is shown as a

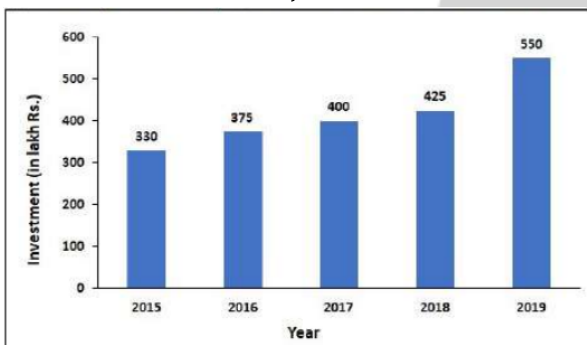

percentage of runs scored by all these five batsmen:

What is the ratio of runs scored by **D** to the runs scored by **H** ?

- (A) 1 : 5 (B) 4 : 1
(C) 1 : 3 (D) 3 : 1

Q73 The following bar graph shows the amount (in lakh Rs.) invested by a company in purchasing raw materials over the years 2015 to 2019.

By how much percent did the company increase its investment in raw materials in 2019, as compared to 2015 ?

- (A) 33.33% (B) 66.66%
(C) 11.66% (D) 20%

Q74 Average of 8 values is 36 . If 4 is subtracted from each of the first three values and 5 is added in the each of the next five values, then what will be the new average?

- (A) 34.325 (B) 36.350
(C) 38.325 (D) 37.625

Q75 Diameter of wheel of a cycle is **7 cm**. A cyclist takes 75 minutes to reach a destination at the

speed of **36.3 km/hr**. How many revolutions will the wheel make during the journey?

- (A) 196280 (B) 206250
(C) 216580 (D) 212520

Q76 Which of the following statements is NOT correct regarding the rabi crops?

- (A) Southern and southeastern states are important for the production of wheat and other rabi crops.
(B) These crops are harvested in summer from April to June.
(C) Some of the important rabi crops are wheat, barley, peas, gram and mustard.
(D) Rabi crops are sown in winter from October to December.

Q77 Which of the following pairs is correct regarding the East India Company army?

- I. Sawar – Men on horses
II. Musket – A heavy gun used by infantry soldiers
(A) Only I
(B) Only II
(C) Both I and II
(D) Neither I nor II

Q78 Which of the following is related to the concurrent list of the seventh schedule of the Indian constitution?

- (A) Taxes on agricultural income
(B) Tolls
(C) Factories
(D) Taxes on income other than agricultural income.

Q79 As on 1st November 2022, who is the chairperson of SEBI's Market Data Advisory Committee (MDAC)?

- (A) Suresh N Patel
(B) M.S. Sahoo
(C) K.V. Kamath
(D) Ajay Tyagi

Q80 An isotope of which of the following is used in the treatment of cancer?

- (A) Cobalt (B) Aluminium
(C) Nickel (D) Iron
- Q81** How many non-major (minor) ports are there in India as on 31st October 2022?
(A) 154 (B) 168
(C) 200 (D) 246
- Q82** Who won the best actress award in the NEXA International Indian Film Academy Awards 2022?
(A) Kriti Sanon
(B) Jhanvi Kapoor
(C) Alia Bhatt
(D) Deepika Padukone
- Q83** Indian Army's 1st women combat aviator is _____.
(A) Punita Arora
(B) Divya Ajit Kumar
(C) Abhilasha Barak
(D) Priya Semwal
- Q84** Raja Parba, also known as Mithuna Sankranti, is a _____ day-long festival of womanhood celebrated in Odisha, India.
(A) five (B) six
(C) four (D) three
- Q85** Which of the following statement is correct regarding inertia?
I. Inertia is the natural tendency of an object to resist a change in its state of motion or of rest.
II. The mass of an object is a measure of its inertia.
(A) Only I
(B) Neither I nor II
(C) Only II
(D) Both I and II
- Q86** How many gold medals did Maharashtra win in the fourth edition of Khelo India Youth Games?
(A) 41 (B) 38
(C) 54 (D) 45
- Q87** Which of the following is NOT a part of western coastal plains?
- (A) Konkan
(B) Coromandel Coast
(C) Kannad Plain
(D) Malabar coast
- Q88** Pick the odd one out in Central Processing Unit (CPU) of a computer
(A) ALU and Control Unit both
(B) Control Unit
(C) ALU (Arithmetic Logic Unit)
(D) Output Unit
- Q89** _____ diseases last for only shorter periods of time.
(A) Hereditary (B) Chronic
(C) Acute (D) Genetic
- Q90** In which year was the Insurance Regulatory and Development Authority of India set up?
(A) 1999 (B) 2011
(C) 1995 (D) 2002
- Q91** Which of the following is the largest freshwater lake in India?
(A) Barapani (B) Wular
(C) Bhimtal (D) Loktak
- Q92** LTE technology is used in which of the following generation of wireless technologies?
(A) 3G (B) 2G
(C) 4G (D) 1G
- Q93** Macroeconomics deals with which of the following studies?
I. Reasons behind the unemployment of resources
II. Determination of total output
(A) Only I
(B) Only II
(C) Neither I nor II
(D) Both I and II
- Q94** Indian cricket team lost 2021 ICC World Test Championship Final to which country?
(A) New Zealand (B) Australia
(C) England (D) Pakistan

Q95 ' 281 and beyond' is the autobiography of which veteran cricketer?

- (A) Kapil Dev
- (B) VVS Laxman
- (C) Sourav Ganguly
- (D) Ajinkya Rahane

Q96 In which year was the Citizenship Act passed in India?

- (A) 1951
- (B) 1955
- (C) 1959
- (D) 1964

Q97 _____ is an Act of the Parliament of the United Kingdom that partitioned British India into two new independent dominions of India and Pakistan in 1947.

- (A) Rowlatt Act
- (B) Indian Independence Act
- (C) Government of India Act

(D) Pitt's India Act

Q98 Who won the women's singles title in Australian Open 2022?

- (A) Ashleigh Barty
- (B) Elena Rybakina
- (C) Ons Jebure
- (D) Serena Williams

Q99 Birju Maharaj was a noted dancer of ____ .

- (A) Bharatnatyam
- (B) Manipuri
- (C) Kathak
- (D) Sattriya

Q100 Who among the following was famously known as the "The parrot of India"?

- (A) Amir Khusro
- (B) Lata Mangeskar
- (C) Pandit Ravishankar
- (D) Kalidas

Hints & Solutions

Q1 Text Solution:

The given sentence is grammatically incorrect and the error lies in the option "tools for finding and eat food". The error is related to the "Non-finite verb".

- The use of the verb 'eat' is incorrect.
- After prepositions as an object, we use gerunds.
- In the given sentence, we will use 'eating' as an object of the "for" preposition.

Hence, the helping verb "tools for finding and eat food" must be replaced by the helping verb "tools for finding and eating food".

Correct sentence: Our hands have been crucial tools for finding and eating food, and helping us navigate the world.

Q2 Text Solution:

The underlined part of the sentence is grammatically correct.

- All the rules and structures of English grammar are correctly followed.
- The term "patriotic tunes" is a widely used expression to describe music that is associated with or promotes a strong affection for one's own country.

- Hence, no improvement required.

Correct sentence: I can hear the band which is playing patriotic tunes, in the playground.

Q3 Text Solution:

The given sentence is in active voice and past simple tense.

Structure:

- Active voice: Subject + V-2 + object.
- Passive voice: Object + Was/Were + V-3 + by + subject.

Correct sentence: The letter was lost by the manager.

Q4 Text Solution:

- P. This sentence introduces the main topic of the paragraph: the importance of the earliest years in a child's life.
- S. This sentence extends the idea introduced in sentence P, explaining what makes these years so crucial.
- R. This sentence provides specific details about the importance of these years, expanding on what was mentioned in sentence S.
- Q. This sentence concludes the paragraph by giving a reason for the creation of an establishment (ECCE) based on the importance of these early years which was detailed in sentences P, S, and R

Therefore, the correct order of the sentences is PSRQ.

Q5 Text Solution:

The sentence contains a grammatically incorrect segment: 'perhaps aged young as'.

- "as + positive degree + as" is often used for making comparisons, indicating that two things are equal in a particular quality or characteristic.
- Examples:
 - She is as tall as her brother.
 - This cake is as delicious as the one we had last week.
- In the given sentence, the "as + positive degree + as" structure is used to emphasize the equality or similarity between the ages of people.
- The correct phrase must be "perhaps as young as" in place of "perhaps aged young as".

Therefore, the corrected sentence would be: "A witness had seen a youth, perhaps as young as ten or eleven, acting suspiciously."

Q6 Text Solution:

The underlined part of the sentence is grammatically incorrect and needs improvement with a "verb".

- The sentence's context suggests that the speaker has already completed their taxes.
- As a result, the past tense verb "finished" is more appropriate than the present tense verb "finish."

Hence, we should replace "finally finish" with "finally finished" to make the sentence grammatically correct.

Correct sentence: I won't bore you with the details, but I finally finished my taxes.

Q7 Text Solution:

- **Inchoate**: just begun and so not fully formed or developed.
 - e.g.: She had a child's inchoate awareness of language.

Let us first understand the given options:

- **Artless**: without guile or deception.
- **Refined**: that has been made pure by having other substances taken out of it.
 - e.g.: Oil is refined to remove naturally occurring impurities.
- **Articulate**: able to express ideas clearly and effectively in speech or writing.
- **Formless**: Something formless either has no definite shape, like fog or smoke or lacks structure, like a formless movie that doesn't seem to have much of a plot.

Hence, "**Refined**" is the most appropriate antonym for the word "Inchoate".

Q8 Text Solution:

Let us first understand the given options:

- **Pious**: having or showing a deep belief in religion.
- **Sacramental**: relating to or constituting a sacrament or the sacraments.
- **Holy**: connected with God or with religion and therefore very special or important.
- **Sacrilege**: treating a religious object or place without the respect that it deserves.

Hence, "**Sacrilege**" is the most appropriate one-word substitution for the given group of words "The violation or profanation of anything sacred or held sacred".

Q9 Text Solution:

The underlined part of the sentence is grammatically incorrect and needs improvement with an "Adverb".

- In the given sentence use of the word 'special' is incorrect.
- Let's learn the meaning of the given words :
 - '**Meagre**' means too small in amount.
 - '**Special**' means not usual or ordinary; important for some particular reason.
 - '**Small**' means not large in size, number, amount, etc.
 - '**Especially**' means more than other things, people, situations, etc.; particularly.
 - e.g.: She loves animals, especially dogs.
- Furthermore, the adverb "**especially**" is the suitable choice in this context as it highlights the need for particular attention to be directed towards the "pipework connections."

Hence, we should replace "meagre leaks, special" with "small leaks, especially" to make the sentence grammatically correct.

Correct sentence: Check all radiators for small leaks, especially round pipework connections.

Q10 Text Solution:

Let us first understand the given options:

- "Eagle eyes" is commonly used metaphorically to depict someone's acute vision or watchful observation, drawing from the keen eyesight of eagles.
- "Black eye" typically describes a bruise around the eye resulting from facial injuries, and it's not applicable in this context.
- "Starry Eyes" is used to convey a dreamy or idealistic admiration, which doesn't align with the theme of vigilance or alertness.
- "Sheep eyes" is not a common idiomatic expression in English and lacks a meaning suitable for the context of the sentence.

Hence, "Eagle eyes" is the most appropriate option for the given blank grammatically and contextually.

Correct sentence: David always kept his eagle eyes open for anything that might put them at risk.

Q11 Text Solution:

- Attune: make receptive or aware.
- e.g.: A society more attuned to consumerism than ideology.

Let us first understand the given options:

- Assimilate: to cause (a person or group) to become part of a different society, country, etc.
- e.g.: Schools were used to assimilate the children of immigrants.
- Skew: neither parallel nor at right angles to a specified or implied line.
- Estrange: cause (someone) to be no longer on friendly terms with someone.
- Disrupt: to cause (something) to be unable to continue in the normal way.

Hence, "Assimilate" is the most appropriate synonym for the word "Attune".

Q12 Text Solution:

"Ingenous" is an incorrectly spelt word.

- The correctly spelt word is "Ingenious" which means (used about a thing or an idea) made or planned in a clever way.
- e.g.: An ingenious plan for making lots of money.

Meaning of the other words:

- Innocuous: not meant to cause harm or upset somebody.
- Inimical: harmful to something; making it difficult for something to happen or exist.
- Invulnerable: impossible to harm or damage.

Q13 Text Solution:

- Babble: talk or speech that has no meaning
- e.g.: She's just babbling.

Let us first understand the given options:

- Drivel: to talk stupidly and carelessly.
- Sense: to feel or be aware of something
- e.g.: Although she said nothing, I could sense her anger.
- Jargon: special or technical words that are used by a particular group of people in a particular profession and that other people do not understand
- Gibberish: unintelligible or meaningless speech or writing; nonsense.

Hence, "Sense" is the most appropriate antonym for the word "Babble".

Q14 Text Solution:

- Q: This segment is well-suited as the opening phrase because it introduces the context by mentioning the year when Einstein's fame began to rise significantly.
- P: After Q, this segment logically explains the connection between Einstein's name and superhuman intellectual ability.
- R: Following P, this segment effectively links the reputation of Einstein's name to its commercial impact.
- S: The final segment, S, serves as a fitting conclusion, providing specific details about the commercial manifestation of Einstein's reputation through themed merchandise.

Therefore, the correct order of the sentences is QPRS.

Q15 Text Solution:

The idiom "All bark and no bite" means "Full of talk that is more threatening or impressive than that which one can or will actually do".

- e.g.: He always threatens to call the police if I don't stay off his lawn, but he's all bark and no bite.

Hence, the idiom "All bark and no bite" means "Full of talk, but low on action".

Q16 Text Solution:

- Leisure: freedom from the demands of work or duty.
 - e.g.: She looked forward to retirement and a life of leisure.

Let us first understand the given options:

- Retire: to leave your job and stop working, usually because you have reached a certain age.
- Worship: to have or show a strong feeling of respect and admiration for God or a god.
- Work: an activity, such as a job, that a person uses physical or mental effort to do, usually for money.
 - e.g.: I've got so much work to do.
- Play: to engage or take part in a game.

Hence, "Work" is the most appropriate antonym for the word "Leisure".

Q17 Text Solution:

The idiom "Appeal to Caesar" means "To direct a plea to the most powerful person in a particular setting or situation".

- e.g.: No one else has the authority to overturn this decision – you'll have to appeal to Caesar on this one.

Hence, the idiom "Appeal to Caesar" means "Appeal to the highest possible authority".

Q18 Text Solution:

Let us first understand the given options:

- Exposure: the act of making something public; the thing that is made public.
- Cynosure: a person or thing that is the centre of attention or admiration.

- Commissure: the joint between two bones.
- Censure: to tell somebody, in a strong and formal way, that he/she has done something wrong.

Hence, "Cynosure" is the most appropriate one-word substitution for the given group of words "One who is a centre of attraction".

Q19 Text Solution:

The given interrogative sentence is in direct narration.

Follow the rules given below to change it to indirect speech:

- The inverted commas (" ") used in Direct Narration will be removed in Indirect Narration and the "If" conjunction will be used.
- The tense of the reporting speech is present continuous tense, so it will be changed to past continuous tense in the indirect narration.

The sentence in indirect speech will be: Rahul asked me if we were going to New York next year.

Q20 Text Solution:

"Harange" is an incorrectly spelt word.

- The correctly spelt word is "Harangue" which means to speak in a loud and angry way, often for a long time, in order to criticize somebody/something or to try to persuade people to do something.
 - e.g.: The CEO harangued the employees for not meeting their annual targets.

Meaning of the other words:

- Gauche: unsophisticated and socially awkward.
- Fallacious: based on a mistaken belief.
- Erudite: having or showing great knowledge that is based on careful study.

Q21. Text Solution:

The given blank needs to be filled with a "Preposition".

Let us first understand the given options:

- On: (Preposition) supported by, fixed to or touching something, especially a surface.
- Across: (Preposition) from one side of something to the other.
- From: (Preposition) showing the person who sent or gave something.
 - Example: I borrowed this jacket from my sister.
- Through: (Preposition) from one end or side of something to the other.

Hence, "from" is the most appropriate option for the given blank grammatically and contextually.

In this context, the phrase "data from NASA's Pioneer spacecraft" suggests that the data originates from the Pioneer spacecraft of NASA. The preposition "from" is commonly used to denote the source or origin of something.

Q22. Text Solution:

Let us first understand the given options:

- Due: (Adjective) expected or planned to happen or arrive.
 - Example: The conference is due to start in four weeks' time.
- Understood: (Verb) to know or realize the meaning of something.
- Because: (Conjunction) for the reason that.
- Cause: (Noun) a thing or person that makes something happen
- "due to": because of
 - Example: A lot of her unhappiness is due to boredom.

Hence, "Due" is the most appropriate option for the given blank grammatically and contextually as the statement wants to convey that the high surface temperature of Venus is because of an atmospheric greenhouse effect.

Q23. Text Solution:

Let us first understand the given options:

- Affect: (Verb) make somebody/something change in a particular way; to influence

somebody/something.

- Displacement: (Noun) the act or process of displacing.
- Contour: (Noun) the shape of the outer surface of something.
- Effect: (Noun) a change that is caused by something; a result.
 - Example: The doctor advised me to take regular exercise.

Hence, "Effect" is the most appropriate option for the given blank grammatically and contextually.

The term "greenhouse effect" is a well-recognized term in the field of environmental science. It describes the mechanism through which a planet's surface is heated to a temperature higher than it would be if it lacked an atmosphere, all due to the trapping of radiation within the atmosphere.

Q24. Text Solution:

Let us first understand the given options:

- Surface: (Noun) the outside part of something.
 - Example: The earth's surface.
- Walls: (Noun) A solid, vertical structure made of stone, brick, etc. that is built around an area of land to protect it or to divide it.
- Atmosphere: (Noun) the mixture of gases that surrounds the earth or any other star, planet, etc.
- Core: (Noun) the hard center of certain fruits, containing seeds.

In this context, "surface" is the most appropriate term as it specifically refers to the outermost layer of a planet that receives heat from sunlight that has traversed through the atmosphere.

Hence, "surface" is the most appropriate option for the given blank grammatically and contextually.

Q25. Text Solution:

- The most suitable option for filling in the blank No. 5 is "Earth."
- In the provided context, the sentence draws a comparison between Venus' atmosphere, primarily composed of over ninety percent carbon dioxide, and the atmosphere of another planet.
- The phrase "relatively thin atmosphere like the Earth's" strongly suggests that Earth is the planet being contrasted with Venus.

Therefore, the most fitting completion for this sentence is "Earth."

Q26 Text Solution:

In this question we have to find another number set which is similar to the given number set.

Logic:-

- $(\text{First number})^2 - (\text{Second number})^2 = \text{Third number}$

(15, 13, 56)

$$15^2 - 13^2 = 225 - 169 = 56$$

(17, 11, 168)

$$17^2 - 11^2 = 289 - 121 = 168$$

Similarly,

(20, 14, 204)

$$20^2 - 14^2 = 400 - 196 = 204$$

Hence, "(20, 14, 204)" is the correct answer.

Q27 Text Solution:

In this question we have to find out which number given in the option will replace the question mark.

Logic:- F means to reverse the number obtained by adding

$$132 \text{ F } 624 = 657$$

$$132 \text{ F } 624 = 132 + 624 = 756$$

756 when written from right to left, gives the number 657

$$84 \text{ F } 321 = 504$$

$$84 \text{ F } 321 = 84 + 321 = 405$$

405 when written from right to left, gives the number 504

Similarly,

$$168 \text{ F } 27 = ?$$

$$168 \text{ F } 27 = 168 + 27 = 195$$

195 when written from right to left, gives the number 591

Hence, "591" is the correct answer.

Q28 Text Solution:

We have been given that the second term is related to the first term and the fourth term is related to the third term using some logic. We have to identify the logic and then have to find the fourth term.

Logic:-

- 1 has been added in the first letter's positional value to get the corresponding first letter.
- 3 has been added in the second letter's positional value to get the corresponding second letter

OQ : PT

$$O + 1 = P$$

$$Q + 3 = T$$

Similarly,

WZ : ?

$$W + 1 = X$$

$$Z + 3 = C$$

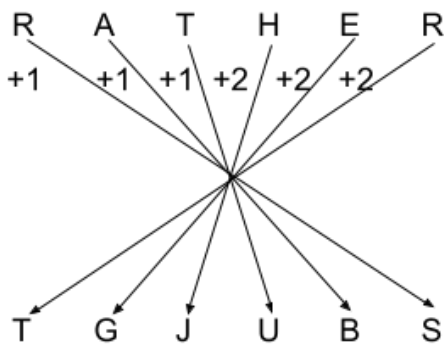

Hence, "XC" is the correct answer.

Q29 Text Solution:

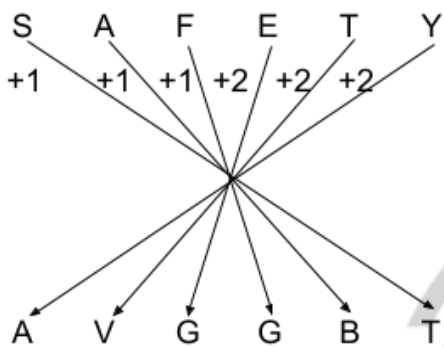

Here, we have been given a word with its code with a logic and we have to find another word code using the same logic.

RATHER : TGJUBS

Similarly,
SAFETY : ?

Hence, "AVGGBT" is the correct answer.

Q30 Text Solution:

In this question we have to find by Interchanging the given two numbers (Not digits) which of the following equation will be correct.

$$\text{Equation I:- } 7 \times 9 + 5 - 8 \div 4 = 42$$

After interchanging 5 and 9, we get:

$$7 \times 5 + 9 - 8 \div 4 = 42$$

$$7 \times 9 + 5 - 2$$

$$63 + 3$$

$$66 \neq 42$$

$$\text{Equation II:- } 9 \times 3 + 5 \div 1 - 4 = 20$$

After interchanging 5 and 9, we get:

$$5 \times 3 + 9 \div 1 - 4 = 20$$

$$9 \times 3 + 5 \div 1 - 4$$

$$27 + 5 - 4$$

$$28 \neq 20$$

Hence, "Neither I nor II" is the correct answer.

Q31 Text Solution:

In this type of question, three of them will be the same and one will be different, we have to

find an odd one.

Logic: First number $\times 3 =$ Second number

Option :- 2278 - 6834

$$2278 \times 3 = 6834$$

Option :- 3072 - 9216

$$3072 \times 3 = 9216$$

Option :- 1008 - 3024

$$1008 \times 3 = 3024$$

Option:- 3744 - 11322

$$3744 \times 3 = 11232 \neq 11322$$

Hence, "3744 - 11322" is the correct answer.

Q32 Text Solution:

In this type of question, three of them will be the same and one will be different, we have to find an odd one.

Logic: The first word is a venue or location, and the second word is an activity or sports typically associated with that location.

Now, check all option as per the logic,

Option:- Court - Tennis

Tennis is played in the court.

Option :- Gymnasium - Exercise

Exercise is done in the Gymnasium.

Option :- Wrestling - Arena

Wrestling is done in the Arena. But the order of the words is incorrect.

Option :- Pitch - Cricket

Cricket is played on the pitch.

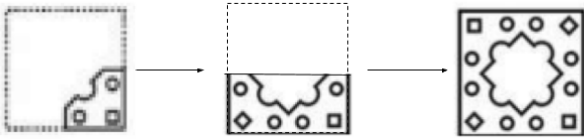

Hence, "Wrestling - Arena" is the correct answer.

Q33 Text Solution:

In this type of question, we have to open the paper according to the question by folding it and punching it according to the question, then we have to find one of the four options which is visible after opening the paper.

- After folding the square transparent paper according to the question and opening it again, the shape will appear as shown in the picture below.

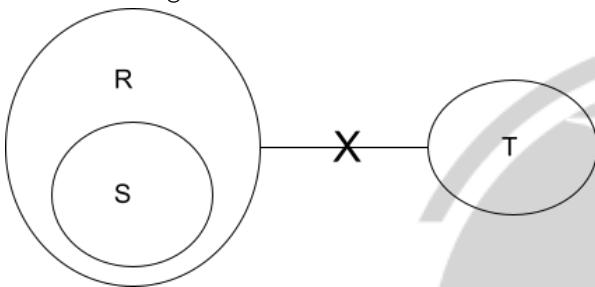

Hence, "option A" is the correct answer.

Q34 Text Solution:

We have been given two or three statements in the given question, according to those statements we have to make a venn diagram and from that venn diagram we have to check the conclusion that which conclusion is true or false.

The venn diagram is as follow:-

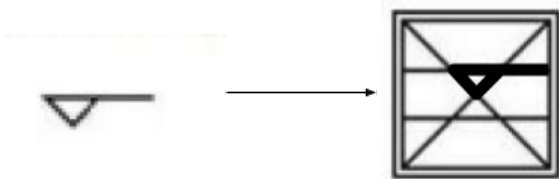

Conclusions:

- I. No T is R $\rightarrow$ Follows (As, No R is T)
 - II. No S is T $\rightarrow$ Follows (As, All S are R and No R is T)
 - III. No R is S $\rightarrow$ Does not follow (As, All S are R)
- Hence, "Both conclusions I and II follows" is the correct answer.

Q35 Text Solution:

This type of question, we have been given a question shape and four options have been given to it. We have to find the option in which that question shape is embedded.

- On looking at this figure, we find that the question figure is embedded in it as shown in the question figure.

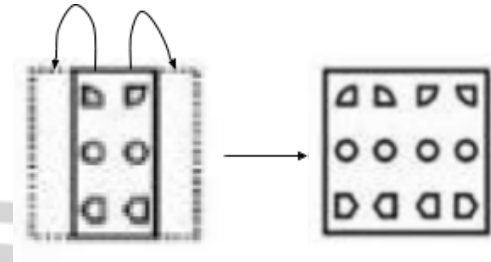

Hence, "option B" is the correct answer.

Q36 Text Solution:

In this type of question, we have to open the paper according to the question by folding it and punching it according to the question, then we have to find one of the four options which is visible after opening the paper.

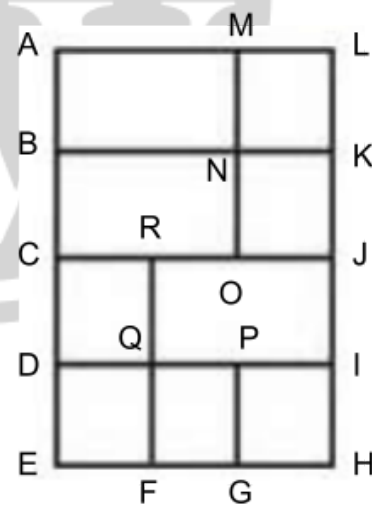

- After folding the square transparent paper according to the question and opening it again, the shape will appear as shown in the picture below.

Hence, "option C" is the correct answer.

Q37 Text Solution:

In this type of question, we will first name the vertices of the given diagram, then we will have to count the number of quadrilaterals.

The quadrilaterals names are:

- ABNM, □ NOJK, □ PGHI, □ CDQR, □ BCON,
- MNKL, □ RQIJ, □ DEFQ, □ ABKL, □ CDIJ, □
- QPGF, □ BCJK, □ DEHI, □ MOJL, □ DEGP, □
- CEFR, □ ADIL, □ BEHK, □ BDIK, □ AEHL, □ ACJL,
- CEHJ, □ QFHI, □ ACOM, □ RFHJ

Hence, "25" is the correct answer.

Q38 Text Solution:

[Android App](#)

| [iOS App](#)

| [PW Website](#)

In this question we have to find another number set which is similar to the given number set.

Logic:-

- Second Number = (First Number)²
- Third Number = (Second Number × 3)

(6, 36, 108)

$$36 = (6)^2$$

$$108 = 36 \times 3$$

(7, 49, 147)

$$49 = (7)^2$$

$$147 = 49 \times 3$$

Now check all option as per the logic,

Option :- (8, 64, 96)

$$64 = (8)^2$$

$$96 \neq 64 \times 3$$

Option :- (8, 32, 64)

$$32 \neq (8)^2$$

Option :- (4, 16, 48)

$$16 = (4)^2$$

$$48 = 16 \times 3 \text{ Follow the logic}$$

As we found the correct answer so no need to check more options.

Hence, "(4, 16, 48)" is the correct answer.

Q39 Text Solution:

In this question we have to find another word pair which is similar to the given word pair.

Logic:-

- The pair represents a place where an activity is performed.

Arena : Wrestling

Wrestling is done in an arena.

Now, check all option as per the logic,

Option :- Pitch: Exercise

Cricket is played on the pitch and not exercised.

Option :- Athletics: Stadium

Athletics is played in the Stadium but order is reversed, so this doesn't match.

Option :- Tennis: Court

Tennis is played on the court but order is reversed, so this doesn't match.

Option :- Rink: Skating

Skating is done in a rink, so this matches the logic.

Hence, "Rink: Skating" is the correct answer.

Q40 Text Solution:

We have been given numbers arranged in a series using some logic. We have to identify the logic and then have to find the number that will replace the question mark in the given series.

Logic: The terms are the cubes of the consecutive numbers starting from 9 in the reversed order.

The pattern is as follow:-

Hence, "125" is the correct answer.

Q41 Text Solution:

In this type of question, three of them will be the same and one will be different, we have to find an odd one.

The logic followed here is:-

Option :- IHEW → I - 1 = H - 3 = E → W (Not opposite)

Option :- ONKP → O - 1 = N - 3 = K → P (Opposite)

Option :- EDAZ → E - 1 = D - 3 = A → Z (Opposite)

Option :- YXUF → Y - 1 = X - 3 = U → F (Opposite)

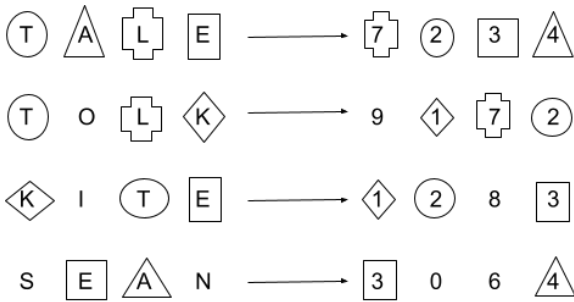

Hence, "IHEW" is the correct answer.

Q42 Text Solution:

Here, we have been given a word with its code with a logic and we have to find another word code using the same logic.

The Code for each letter is shown below:-

Code for O = 9

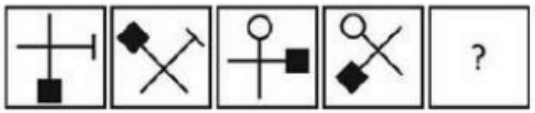

Code for S and N = 0 or 6

So, code for SON is 906.

Hence, "906" is the correct answer.

Q43 Text Solution:

In this type of question, we have been given a series. In this series we have to find the missing figure of this series by finding the relation.

Logic:-

- The line with square box is rotating 135° in clockwise direction.
- The figure with the other line is changing in to the circle after two terms and rotating 45° in anti-clockwise direction.

The next term of the series as per the options is:-

Hence, "option D" is the correct answer.

Q44 Text Solution:

We have been given that the second number is related to the first number, the 4th number is related to the 3rd number and the 5th number is related to the 6th number using some logic. We have to identify the logic and then have to find the 4th number.

Logic:-

- First number + 235 = Second number

391 : 626

$391 + 235 = 626$

173 : 408

$173 + 235 = 408$

Similarly,

426 : ?

$426 + 235 = 661$

Hence, "661" is the correct answer.

Q45 Text Solution:

In this question we have to find the combination of letters that will complete the given series.

Given sequence: p _ nj _ c _ r _ jlcp _ njl _ pr _ _ lc

Option $\rightarrow$ rlpnrncj $\rightarrow$ p r n j l c / p r n j l c / p r n j l c / p r n j l c (Follow the logic)

Option $\rightarrow$ rppnrncj $\rightarrow$ p r n j p c / p r n j l c / p r n j l c / p r n j l c (Does not follow the logic)

Option $\rightarrow$ rllnrncj $\rightarrow$ p r n j l c / l r n j l c / p r n j l c / p r n j l c (Does not follow the logic)

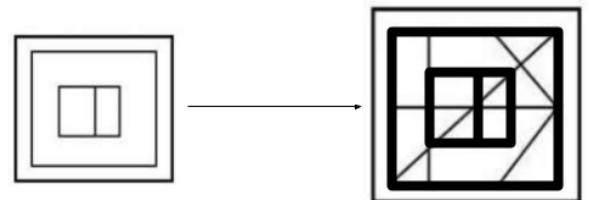

Option $\rightarrow$ rlpnrncj $\rightarrow$ p r n j l c / p r n j l c / p r n j l c / p r n j l c (Does not follow the logic)

Hence, "rlpnrncj" is the correct answer.

Q46 Text Solution:

This type of question, we have been given a question shape and four options have been given to it. We have to find the option in which that question shape is embedded.

- On looking at this figure, we find that the question figure is embedded in it as shown in the question figure.

Hence, "option A" is the correct answer.

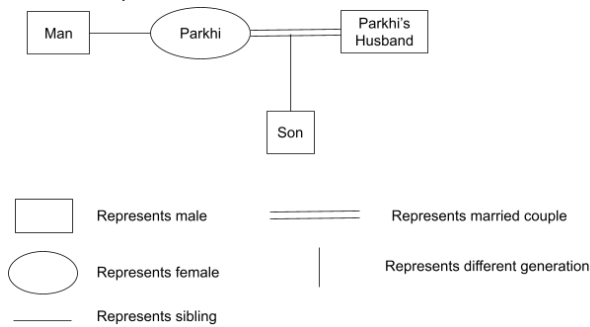

Q47 Text Solution:

We have been given some relation between the persons in the given question, according to

the given question, we have to make a family tree and find the answer of the given question.

The family tree is as:-

Clearly, the person is the brother-in-law of the husband of 'Parkhi'.

Hence, "Brother in law" is the correct answer.

Q48 Text Solution:

Here, in this question we have to arrange the given words according to the English dictionary order and we have to find which word will come at 'Fifth' position.

The correct order as per the dictionary is:

- 2) Superintend
- 5) Superpose
- 1) Superstition
- 3) Supervene
- 4) Supervise

Here, we can see that the word at the fifth position is Supervise.

Hence, "Supervise" is the correct answer.

Q49 Text Solution:

We have been given that the second word is related to the first word and the fourth word is related to the third word using some logic. We have to identify the logic and then have to find the fourth word.

Logic:-

- The first word is the capital city of the second word which is a country.

Tokyo : Japan

Tokyo is the capital city of Japan.

Similarly,

Paris : ?

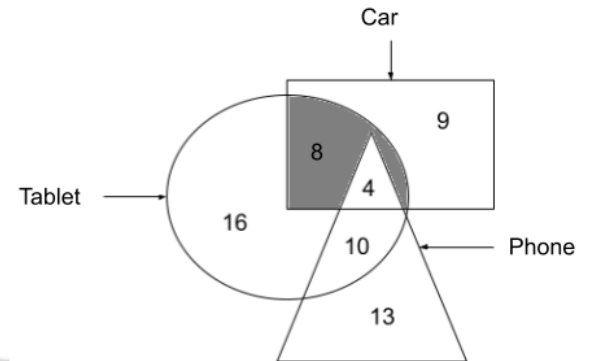

Paris is the capital city of France.

Hence, "France" is the correct answer.

Q50 Text Solution:

In this question we have to find how many tablet are only car.

According to the venn diagram:-

The shaded area shows the total number of tablets are only car.

So, the total number of tablets are only car = 8

Hence, "8" is the correct answer.

Q51 Text Solution:

Since ,

On selling for Rs. 36 more, Ravi earns a profit of 14 percent.

Because previously he sold it at 5% profit.

So,

$$\text{Rs } 36 = (14 - 5)\%$$

$$9\% = \text{Rs } 36$$

$$1\% = \text{Rs } 4$$

$$100\% = \text{Rs } 400$$

Which is the cost price of the pen.

Q52 Text Solution:

Given that-

$$\begin{aligned} & \tan 10^\circ \cdot \tan 25^\circ \cdot \tan 45^\circ \cdot \tan 65^\circ \cdot \tan 80^\circ \\ &= \tan(90 - 80) \times \tan(90 - 65) \times 1 \times \tan 65^\circ \\ & \times \tan 80^\circ \\ &= \cot 80^\circ \times \tan 80^\circ \times \cot 65^\circ \times \tan 65^\circ = 1 \end{aligned}$$

Q53 Text Solution:

Given that-

$$x^4 + \frac{1}{x^4} = 16$$

$$\Rightarrow \left(x^2 + \frac{1}{x^2}\right)^2 = 18$$

$$\Rightarrow x^2 + \frac{1}{x^2} = \sqrt{18}$$

$$\Rightarrow x^2 + \frac{1}{x^2} = 3\sqrt{2}$$

Q54 Text Solution:

From the above-given table, we have-

$$J1 = \frac{300 + 250 + 150 + 200}{4} = \frac{900}{4} = 225$$

$$J2 = 50 + 25 + 100 + 150 + 75 + 125 = 525$$

Hence,

$$\text{Required ratio } (J1 : J2) = 225 : 525 = 3 : 7$$

Q55 Text Solution:

Let the cost price of the article be 100

Then the marked price of the article be 130
and the discount on MP is 20%

Now according to the question

$$130 \times (100 - 20)\% \text{ unit} = 5720$$

$$\Rightarrow 130 \times \frac{80}{100} \text{ unit} = 5720$$

$$\Rightarrow 1 \text{ unit} = \frac{5720}{13 \times 8}$$

$$\Rightarrow 1 \text{ unit} = \text{Rs } 55$$

So, Cost price of article will be = $100 \times 55 = \text{Rs } 5500$

Q56 Text Solution:

We have given,

Parallel sides of trapezium are 21 cm and 14 cm
and area is 875 sq cm

Now, we know that-

$$\text{Area of trapezium} = \frac{1}{2}$$

$$\times h (\text{sum of parallel sides})$$

$$\Rightarrow 875 = \frac{1}{2} \times h \times (21 + 14)$$

$$\Rightarrow h = \frac{875 \times 2}{35}$$

$$\Rightarrow h = 25 \times 2 = 50 \text{ cm}$$

Distance between parallel sides is 50 cm

Q57 Text Solution:

From the given line diagram,

$$J1 = 60 + 80 = 140$$

$$J2 = 290 - 210 = 80$$

So,

$$J1 : J2 = 140 : 80 = 7 : 4$$

Q58 Text Solution:

Given that-

$$\begin{aligned} & \frac{7 \text{ of } 14 \div 4}{5 \times 4 \div 2} + \frac{6 \div 12 \times 3}{5 \div 25 \times 2} + \frac{15 \div 5 \times 6}{5 \times 15 \div 6} \\ &= \frac{98}{4 \times 10} + \frac{3 \times 5}{2 \times 2} + \frac{18 \times 2}{5 \times 5} \\ &= \frac{49}{20} + \frac{15}{4} + \frac{36}{25} \\ &= 2.45 + 3.75 + 1.44 = 7.64 \end{aligned}$$

Q59 Text Solution:

Let the present age of both girls are x and y respectively-

So, according to question-

$$\frac{x}{y} = \frac{3}{4}$$

$$\Rightarrow 4x - 3y = 0 \dots \dots \dots (1)$$

And

$$\frac{x+2}{y+2} = \frac{7}{9}$$

$$\Rightarrow 9x - 7y = -4 \dots \dots \dots (2)$$

From equation (1) and (2), we have

$$x = 12 \text{ and } y = 16$$

Now,

statement(I): ratio after 10 yrs = $22 : 26 = 11 : 13$

statement(II): ratio after 12 yrs = $24 : 28 = 6 : 7$

From above it is clear that only statement (II) is true

Q60 Text Solution:

Since we know that,

Sum of opposite angles in a cyclic quadrilateral is 180 degrees.

So,

$$\angle B + \angle D = 180^\circ$$

$$\Rightarrow x + 10 + 2x + 35 = 180^\circ$$

$$\Rightarrow 3x + 45^\circ = 180^\circ$$

$$\Rightarrow x = \frac{135^\circ}{3} = 45^\circ$$

Q61 Text Solution:

Let Q's income and expenditure are x and y respectively

Then P's income and expenditure will be 250% of x and 180% of y respectively.

Now, according to the question-

250% of $x = 400\%$ of y

$$250x = 400y$$

$$x : y = 8 : 5$$

$$\text{So required ratio of savings} = (2.5 \times 8 - 1.8 \times 5) : (8 - 5) = (20 - 9) : 3 = 11 : 3$$

Q62 Text Solution:

Given,

$$\sin \theta = \frac{5}{13}$$

Then,

$$\cos \theta = \sqrt{1 - \sin^2 \theta} = \sqrt{1 - \left(\frac{5}{13}\right)^2} = \frac{12}{13}$$

Now,

$$\begin{aligned} & \frac{\cos^2 \theta - \sin^2 \theta}{2 \cos \theta \sin \theta} \\ &= \frac{\frac{144}{169} - \frac{25}{169}}{2 \times \frac{12 \times 5}{169}} \\ &= \frac{144 - 25}{120} = \frac{119}{120} \end{aligned}$$

Q63 Text Solution:

It is given that,

The perimeter of isosceles triangle is 91 cm and one of the equal sides is 28 cm

Then,

$$\text{Perimeter of triangle} = a + a + b$$

$$91 = 28 + 28 + b$$

$$b = 91 - 56$$

$$b = 35 \text{ cm}$$

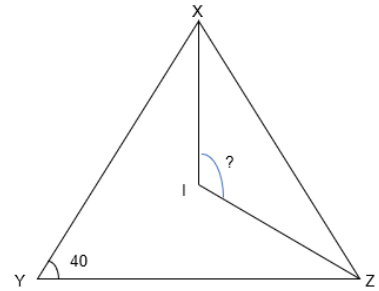

Hence, the nonequal side will be 35 cm.

Q64 Text Solution:

Prime numbers between 30 and 50 are

31, 37, 41, 43, 47

$$\text{So, average of these numbers} = \frac{(31 + 37 + 41 + 43 + 47)}{5} = \frac{199}{5} = 39.8$$

Q65 Text Solution:

It is given that I is the in-center of the triangle XYZ so XI and ZI will be the angle bisectors of $\angle X$ and $\angle Z$

Hence,

$$\angle XIZ = 90^\circ + \frac{\text{angle } Y}{2} = 90^\circ + \frac{40}{2} = 110^\circ \text{ degree}$$

Q66 Text Solution:

Given

Sides of a triangle are 9 cm, 6 cm and 5 cm

Now, we know that

Circumradius (R) =

$$\begin{aligned} & \frac{a \times b \times c}{4 \times \text{area of triangle}} = \frac{9 \times 6 \times 5}{4 \times \sqrt{10(10-9)(10-6)(10-5)}} \\ &= \frac{9 \times 6 \times 5}{4 \times \sqrt{10 \times 4 \times 5}} \\ &= \frac{9 \times 6 \times 5}{4 \times 10 \times \sqrt{2}} \\ &= \frac{9 \times 6 \times 5}{4 \times 10 \times \sqrt{2}} \\ &= \frac{27\sqrt{2}}{8} \text{ cm} \end{aligned}$$

Q67 Text Solution:

According to the given question -

$$S \times \frac{1}{8} = \frac{T}{2}$$

$$\Rightarrow S = T \times 4$$

$$\Rightarrow \frac{S}{T} = \frac{4}{1}$$

Now,

Given that S does 4 works in a day and T does 1 work in a day.

Therefore,

$$S \text{ will take} = \frac{5 \times 60}{4} = 75 \text{ days to complete the work.}$$

Q68 Text Solution:

Android App

iOS App

PW Website

Given that-

$$\sin \alpha = \frac{1}{2} \Rightarrow \sin \alpha = \sin 30 \Rightarrow \alpha = 30$$

and,

$$\sin \beta = \frac{1}{2} \Rightarrow \sin \beta = \sin 30 \Rightarrow \beta = 30$$

So,

$$\cos(\alpha + \beta) = \cos(30 + 30) = \cos 60 = \frac{1}{2}$$

Q69 Text Solution:

Given that-

$$a + b + c = 1, ab + bc + ca = -1 \text{ and } abc = -1$$

Now,

$$(a + b + c)^2 = 1^2$$

$$\Rightarrow a^2 + b^2 + c^2 + 2(ab + bc + ca) = 1$$

$$\Rightarrow a^2 + b^2 + c^2 = 1 + 2$$

$$\Rightarrow a^2 + b^2 + c^2 = 3$$

Again, we know that-

$$a^3 + b^3 + c^3 - 3abc = (a + b + c)(a^2 + b^2 + c^2 - ab - bc - ca)$$

$$\Rightarrow a^3 + b^3 + c^3 = (a + b + c)(a^2 + b^2 + c^2 - ab - bc - ca) + 3abc$$

$$\Rightarrow a^3 + b^3 + c^3 = 1 \times (3 + 1) - 3$$

$$\Rightarrow a^3 + b^3 + c^3 = 1$$

Q70 Text Solution:

Given-

$$P = \text{Rs } 20000, r = 20\% \text{ t} = 3 \text{ year}$$

Population of village after 3 years =

$$\begin{aligned} P \left(1 - \frac{r}{100}\right)^3 \\ = 20000 \left(1 - \frac{20}{100}\right)^3 = 20000 \left(\frac{4}{5}\right)^3 \\ = 20000 \times \frac{64}{125} \\ = 160 \times 64 = 10240 \end{aligned}$$

Q71 Text Solution:

Given,

$$(a + b)^3 - a^3 - b^3$$

$$= a^3 + b^3 + 3ab(a + b) - a^3 - b^3$$

$$= 3ab(a + b)$$

Q72 Text Solution:

From the pie-chart, it is clear that

$$\text{Runs scored by D} = 400 \times 15\% = 60$$

$$\text{Runs scored by H} = 400 \times 5\% = 20$$

$$\text{So, required ratio} = 60 : 20 = 3 : 1$$

Q73 Text Solution:

From the bar diagram,

It is clear that investment in 2015 = 330

And investment in 2019 = 550

So,

$$\% \text{ increase in investment in 2019} = \frac{220}{330} \times 100\% = 66.66\%$$

Q74 Text Solution:

Since,

4 is subtracted in the first three values and 5 is added in the next 5 values

$$\text{So total change in values} = -3 \times 4 + 5 \times 5 = -12 + 25 = 13$$

$$\text{So the overall average will increase by} = \frac{13}{8} = 1.625$$

Hence,

$$\text{New average} = 36 + 1.625 = 37.625$$

Q75 Text Solution:

It is given that

Diameter of cycle = 7 cm, time of running = 75 minutes and speed = 36.3 km/hr

Now,

$$\text{Distance covered in 75 minutes} = 36.3 \times \left(\frac{75}{60}\right) = 45.375 \text{ km} = 45375 \text{ meter} = 4537500 \text{ cm}$$

And perimeter of cycle =

$$2\pi r = 2 \times \frac{22}{7} \times \frac{7}{2} = 22 \text{ cm}$$

Hence,

$$\text{Number of revolutions} = \frac{4537500}{22} = 206250$$

Q76 Text Solution:

- The statement "Southern and southeastern states are important for the production of wheat and other rabi crops" is not correct about rabi crops.
- Rabi crops are sown in winter from October to December and harvested in spring from April to June.
- The correct region for the production of wheat and other rabi crops in India is primarily the northern and northwestern

states such as Punjab, Haryana, Uttar Pradesh, Rajasthan, and Madhya Pradesh.

- These states have favorable climatic conditions during winter, which is when rabi crops are sown, and also have access to adequate irrigation facilities.
- Some of the important rabi crops include wheat, barley, peas, gram and mustard.
- These crops are mainly grown in the northern and northwestern parts of India, where the weather conditions are favorable for their growth.
- The southern and southeastern states of India have a predominantly tropical climate, which is not conducive to the cultivation of rabi crops.

Hence, the correct answer is "Southern and southeastern states are important for the production of wheat and other rabi crops."

Q77 Text Solution:

- The given pair regarding the East India Company army is correct.
- Sawars were men on horses who were part of the cavalry unit of the army, and they played a crucial role in many battles.
- The musket was a heavy gun used by infantry soldiers, and it was the primary weapon of the army during the time of the East India Company.
- The Company army consisted of various units such as cavalry, infantry, and artillery, and it underwent significant changes over time in terms of organization and composition.
- However, sawars and muskets remained important components of the army throughout its existence.

Hence, the correct answer is "Both I and II".

Q78 Text Solution:

- The concurrent list of the seventh schedule of the Indian constitution includes subjects that are under the legislative jurisdiction of both the central and state governments.
 - The subjects under the concurrent list are those that require cooperation and coordination between the central and state governments.
 - The Subjects of concurrent list are Bankruptcy and Insolvency, Factories.
 - One of the subjects under the concurrent list is "Factories", which means that both the central and state governments have the power to make laws regarding the regulation and safety of factories.
 - This allows both the central and state governments to work together to ensure the safety and well-being of workers in factories while also promoting industrial growth and development in the country.
- Hence, the correct answer is "Factories".

Q79 Text Solution:

- Dr. M. S. Sahoo, a distinguished professor at National Law University, Delhi, is the current chairperson of SEBI's Market Data Advisory Committee (MDAC) as of 1st November 2022.
- He has more than four decades of professional experience, including two decades in the regulation of markets and professions.
- Dr. Sahoo played a key role in major financial market reforms, such as the establishment of the Insolvency and Bankruptcy Board of India (IBBI), corporate insolvency framework, and resolution of financial service providers.
- He has conceptualized, designed, and authored several publications and

served as chairman/member of several expert committees and boards of various organizations.

Hence, the correct answer is "M.S. Sahoo".

Q80 Text Solution:

- Cobalt is the isotope that is commonly used in cancer treatment.
- It is used in radiation therapy, a type of cancer treatment that uses high-energy radiation to shrink tumors and kill cancer cells.
- Cobalt-60, a radioactive isotope of cobalt, is used in radiation therapy because it emits high-energy gamma rays that can penetrate deeply into the body to target cancer cells.
- The radiation damages the DNA of cancer cells, preventing them from growing and dividing, and ultimately causing their death.
- Cobalt-60 is also used in brachytherapy, a type of radiation therapy that places the radioactive source directly into or next to the tumor.

Hence, the correct answer is "Cobalt".

Q81 Text Solution:

- As of 31st October 2022, India has a total of 200 ports, consisting of 13 major ports and 187 non-major (minor) ports.
- The major ports are primarily owned by the government, with one private port also in operation.
- These major ports are located in various states, with Maharashtra having the highest number of major ports (5), followed by Gujarat (3), Tamil Nadu (2), and one each in Karnataka, Odisha, West Bengal, and Andhra Pradesh.
- The non-major ports are mostly owned by state governments and private

entities, and are used for coastal shipping and inland water transport.

- India's ports play a crucial role in the country's economy, as a large percentage of trade is conducted through maritime transport.

Hence, the correct answer is "200".

Q82 Text Solution:

- Kriti Sanon won the Best Actress award at the NEXA International Indian Film Academy Awards 2022 for her performance in the movie "Mimi".
- The awards ceremony was originally scheduled for March 2022 but was postponed multiple times due to the COVID-19 pandemic and the death of UAE President & Ruler of Abu Dhabi Sheikh Khalifa bin Zayed Al Nahyan.
- The 22nd IIFA Awards was finally held on June 3-4, 2022, in Abu Dhabi, UAE, after a gap of 16 years since the last ceremony held in Dubai in 2006.
- The awards are considered one of the most prestigious in the Indian film industry and recognize excellence in various categories.

Hence, the correct answer is "Kriti Sanon".

Q83 Text Solution:

- The Indian Army's first woman combat aviator is Major Abhilasha Barak, who joined the Army Aviation Corps as a Combat Aviator in May 2021.
- She was also awarded the Coveted Wings along with 36 Army Pilots.
- Major Barak has been trained to prepare for tough situations and has achieved a significant milestone in the Indian Army's efforts towards women empowerment.

Hence, the correct answer is " Abhilasha Barak".

Q84 Text Solution:

- In the state of Odisha in India, a festival called Raja Parba, or Mithuna Sankranti, is celebrated for three days to honor womanhood.
- The festival is mainly celebrated in the coastal regions of the state.
- The second day of the festival marks the beginning of the solar month of Mithuna, which signifies the start of the monsoon season.
- During this festival, women and girls take a break from their daily chores and indulge in fun activities like swings, traditional games, and singing and dancing.
- The festival is a celebration of femininity, fertility, and womanhood, and is deeply rooted in the culture and traditions of Odisha.

Hence, the correct answer is "three".

Q85 Text Solution:

- Inertia is a physical property of matter that describes an object's resistance to a change in motion.
- It is the natural tendency of an object to resist any change in its state of motion or rest.
- The greater the mass of an object, the greater its inertia and the more difficult it is to change its motion.
- This is why a heavy object requires more force to be moved than a lighter object.
- Inertia is an important concept in physics and is used to explain many phenomena, such as why objects in motion tend to stay in motion and why it is difficult to start or stop a moving object.

Hence, the correct answer is "Both I and II".

Q86 Text Solution:

- Maharashtra won 45 gold medals in the fourth edition of the Khelo India Youth Games held in 2019.
- They finished at the top of the medals table, ahead of Haryana and Delhi.
- The Khelo India Youth Games is an annual national-level multi-sport event organized by the Ministry of Youth Affairs and Sports, Government of India, to promote sports among youth in the country.
- The fourth edition of the games was held in Pune, Maharashtra, and saw the participation of over 10,000 athletes from across the country competing in 18 different disciplines.

Hence, the correct answer is "45".

Q87 Text Solution:

- Coromandel Coast is NOT a part of western coastal plains. It is a part of the eastern coastal plains of India.
- The western coastal plains of India stretch from Gujarat in the north to Kerala in the south, bordering the Arabian Sea.
- The region is characterized by narrow coastal strips with sandy beaches, estuaries, lagoons, and coconut groves.
- The western coastal plains are divided into four main regions: the Konkan coast, the Kannad Plain, the Malabar Coast, and the Karnataka coast.
- The Konkan coast stretches from the state of Maharashtra in the north to Goa in the south.
- The Kannad Plain is situated between the Konkan coast and the

Malabar Coast, and the Karnataka coast extends from Goa to Kerala.

- The Malabar Coast runs from the northern part of Kerala to the southernmost tip of India.

Hence, the correct answer is "Coromandel Coast".

Q88 Text Solution:

- The odd one out in Central Processing Unit (CPU) of a computer is D) Output Unit.
- ALU (Arithmetic Logic Unit) and Control Unit are both components of the CPU responsible for performing arithmetic and logic operations as well as controlling the operations of the computer.
- The Control Unit retrieves instructions from memory and decodes and executes them, while the ALU performs mathematical operations and logical comparisons.
- On the other hand, the Output Unit is a component of a computer that is responsible for displaying or outputting data and information that has been processed by the CPU. It is not a part of the CPU itself.

Hence, the correct answer is "Output Unit".

Q89 Text Solution:

- Acute diseases are those that have a sudden onset and last for a short period of time, typically less than three months.
- They are caused by various factors like viruses, bacteria, fungi, and other pathogens.
- Examples of acute diseases include the common cold, influenza, chickenpox, measles, and pneumonia, among others.
- Acute diseases can have mild to severe symptoms, and in some cases, they can be life-threatening.

- However, most people recover from acute illnesses without any long-term effects.
- Treatment for acute diseases may involve rest, medication, and other supportive care, depending on the underlying cause and severity of the illness.

Hence, the correct answer is "Acute".

Q90 Text Solution:

- The Insurance Regulatory and Development Authority of India (IRDAI) was set up in the year 1999, as per the recommendations of the Malhotra Committee report.
- It is an autonomous regulatory body responsible for regulating and promoting the insurance and reinsurance industries in India.
- The main objectives of IRDAI include protecting the interests of policyholders, promoting the growth of the insurance sector, ensuring fair competition among insurance providers, and enforcing standards and regulations related to insurance products and services.
- IRDAI is headquartered in Hyderabad, Telangana and operates under the purview of the Ministry of Finance, Government of India.

Hence, the correct answer is "1999".

Q91 Text Solution:

- Wular Lake, located in Jammu and Kashmir, is the largest freshwater lake in India.
- It is situated in the Bandipora district and is surrounded by mountains.
- The lake has a surface area of around 189 square kilometers and is fed by the Jhelum River.

- Wular Lake is an important source of fish, lotus stems, and water chestnuts.
- It also serves as a habitat for a variety of wildlife, including migratory birds, fish, and amphibians.
- The lake has been declared a Wetland of National Importance under the Wetlands Conservation and Management Program, and efforts are underway to conserve and protect its ecosystem.

Hence, the correct answer is "Wular".

Q92 Text Solution:

- LTE technology is used in the fourth generation (4G) of wireless technologies.
- LTE stands for Long-Term Evolution, and it is a standard for wireless broadband communication for mobile devices and data terminals.
- LTE technology provides high-speed internet connectivity for mobile devices and is designed to increase the capacity and speed of wireless data networks.
- It uses a packet-based communication system and is based on the IP (Internet Protocol) standard.
- LTE networks provide fast internet connectivity for streaming high-quality videos, downloading large files, and other data-intensive applications.
- It is widely used in smartphones, tablets, laptops, and other mobile devices.

Hence, the correct answer is "4G".

Q93 Text Solution:

- Macroeconomics is a branch of economics that deals with the overall performance of the economy at the national or international level.

- It focuses on the behavior of the economy as a whole, rather than individual parts.
- Macroeconomics studies various factors that affect the economy, such as total output, inflation, unemployment, and government policies.
- It analyzes the reasons behind the underutilization of resources, such as labor, capital, and technology.
- It also examines how total output is determined in an economy, which is measured by Gross Domestic Product (GDP).
- Overall, macroeconomics is concerned with understanding and improving the performance of the economy as a whole.

Hence, the correct answer is "Both I and II".

Q94 Text Solution:

- India lost the 2021 ICC World Test Championship Final to New Zealand.
- The match was held from June 18 to 22, 2021 at The Rose Bowl Cricket Ground in Southampton, England.
- New Zealand won by eight wickets to become the first-ever World Test Champions.
- India batted first but were bowled out for 217 runs in the first innings.
- New Zealand scored 249 runs in reply, with a century from captain Kane Williamson.
- India's second innings was worse, bowled out for 170 runs.
- New Zealand chased down the target of 139 runs, losing only two wickets.
- Overall, it was a great performance by New Zealand who deservedly won the inaugural ICC World Test Championship Final.

Hence, the correct answer is "New Zealand".

Q95 Text Solution:

- '281 and Beyond' is the autobiography of former Indian cricketer VVS Laxman.
- The book is named after Laxman's iconic innings of 281 runs against Australia in Kolkata in 2001, which is widely regarded as one of the greatest test innings ever played.
- In the book, Laxman talks about his early years, his cricketing journey, and shares his insights on some of the most memorable moments in Indian cricket history.
- The book also provides a glimpse into Laxman's personal life and his views on leadership and team building.
- Kapil Dev - Kapil Dev has written two autobiographies - 'By God's Decree' and 'Straight from the Heart'.
- Sourav Ganguly - Sourav Ganguly has written an autobiography called 'A Century is Not Enough'.

Hence, the correct answer is "VVS Laxman".

Q96 Text Solution:

- The Citizenship Act of India was passed in 1955 and came into effect from 1956.
- The act governs citizenship in India and defines who is considered a citizen of the country.
- The act has been amended several times over the years, with the latest amendment being made in 2019.
- The 2019 amendment has been controversial and has led to protests across the country.
- The amendment makes it easier for non-Muslim immigrants from neighboring countries to gain citizenship in India, which has been criticized by many as being discriminatory and against the secular principles of the Indian Constitution.

Hence, the correct answer is "1955".

Q97 Text Solution:

- The Indian Independence Act, passed by the British Parliament in 1947, was a significant piece of legislation that resulted in the partition of British India into two separate nations, India and Pakistan.
- The act provided for the transfer of power to these new nations and laid out the legal framework for their governance.
- It also provided for the creation of a separate constitution for each nation and established the rules for citizenship and other key matters.
- The act was a crucial milestone in the history of India and Pakistan, and it paved the way for their respective paths towards independence and nationhood.

Hence, the correct answer is " Indian Independence Act".

Q98 Text Solution:

- Ashleigh Barty won the women's singles title at the Australian Open 2022 by defeating Danielle Collins in the final with a score of 6-3, 7-6.
- Barty is an Australian professional tennis player and was the top seed in the tournament.
- With this win, Barty claimed her second Australian Open title, having previously won it in 2019.
- She became the first Australian woman to win the Australian Open singles title twice since Chris O'Neil in 1978.
- The win was also Barty's first Grand Slam title since winning the French Open in 2019, and it consolidated her position as the world number one female tennis player.

Hence, the correct answer is "Ashleigh Barty".

Q99 Text Solution:

- Birju Maharaj, born in 1938, is a renowned Indian Kathak dancer and choreographer.
- He is the eighth generation of the Lucknow gharana of Kathak dance and has been recognized as one of the most prominent exponents of the dance form in India.
- He has trained several generations of dancers and has worked to revive and popularize Kathak, both in India and internationally.
- Maharaj has received numerous awards for his contributions to dance, including the Padma Vibhushan, the second-highest civilian award in India.
- He continues to perform and teach Kathak around the world and is widely regarded as a master of the art form.

Hence, the correct answer is "Kathak".

Q100 Text Solution:

- Amir Khusro (1253–1325) was a medieval Indian poet, musician, scholar, and mystic who is considered one of the greatest cultural icons of the Indian subcontinent.
- He was a prolific writer, with works in Persian, Arabic, and Hindavi (an early form of Hindi). Khusro is particularly known for his contribution to the development of Hindustani classical music, and is credited with the creation of several musical genres, including qawwali.
- His poetry reflects his deep spiritual beliefs and his love for India and its rich cultural heritage.
- Khusro's mastery of language and poetic expression earned him the title of "The parrot of India" and he remains a celebrated figure in Indian history and culture.

Hence, the correct answer is "Amir Khusro".
